18 **LIST OF EVIDENCE FOR CUSTODY REVIEW HEARING (AMENDED)**  
19

20 Dear Honorable Stephen P. Lowney,

21 Please find list of evidence for Custody Review Hearing below:

22 P1. Child-hostage, my son Max, on paid supervised visit. Look into these kind teary eyes – Max is  
23 missing father, like every boy. But it is prohibited. Max was violently abducted on 09/15/2022, and  
24 is forced to live more than year life of hostage, in hands of mother-abuser who blocked all contact,  
25 pulled out sim card from Max's phone, and completely prohibited all contact of my son with father.

- 1 P2. Pictures of Max with Father from crucial events of Max's life - including the day when Max received  
2 his Green Card, for which Respondent retaliated against Max by abduction of my son, holding him  
3 as hostage in an unknown location and putting bruises on Child's body, threatening to "bury our child  
4 in Ukrainian soil so you will never see him again".
- 5 P3. Family photos, Granny, Max Birthday parties, and my Instagram, completely devoted to Max's life. I  
6 can't imagine - how completely heartless and unethical Hanna should be to destroy all the life of our  
7 son, and attempt to kill defenseless 95 years old granny?
- 8 P4. Max's 7th Birthday photos when I organized Birthday Party for Max on the professionally supervised  
9 visitation in 2022 to give my son hope in those times of terror by mother
- 10 P5. Affidavit of Alexander Pirozhenko, family friend and neighbor, who observed Max and both parents  
11 for quite a while and confirmed great caring parenting and strong bond between Max and his Father
- 12 P6. Affidavit and characteristic from Petitioner's Manager, Aliaksei Dziashko, who confirmed great  
13 personal and people management skills, highest reputation and credibility of Max's Father
- 14 P7. Affidavit of Alena Chepakhovich, family friend and neighbor who witnessed when Respondent was  
15 telling her plans to abduct Child to Ukraine in 2022. Also Alena shared observations about strong  
16 bond between Max and his Father, the fact that Father was caring about all family – including Max,  
17 Granny, Hanna. Father's caring parenting style. Alena admitted noticeable mental instability and  
18 inappropriate behavior of Hanna even when she was on kid's parties and among adult guests. Also  
19 Alena noticed that Hanna shared plans of international child abduction to Ukraine.
- 20 P8. Flight tickets of the previous child abduction in 2019 - 2020, when Hanna abducted Max to Ukraine  
21 and held my son there for 7 months, forcing me to sign Travel Authorization Consent that allows her  
22 to travel with my son without my permission for the next 10 years. Hanna threatened to abduct Child  
23 in July - August 2022 using this authorization, attempted to cancel Child's Green Card and steal  
24 Max's passport. Having this Travel Authorization, Hanna only needs to obtain Max's passport to  
25 abduct a Max outside of the United States to Ukraine as she threatened.
- 26
- 27
- 28

1 P9. Washington Post article about Liza Dmytrieva, 4 years old Ukrainian girl, killed by Russian missile  
2 strike on the peaceful city of Vinnytsia in July 2022. This shocking story is one of thousands, which  
3 confirm how dangerous is to take child to Ukraine, and how inadequate Hanna is, abducting Max  
4 and attempting to obtain Max's passport with bribery and fraud – after threats to abduct my son to  
5 Ukraine in times of war.

6 P10. Nancy L Roberts, who will lose attorney license in upcoming months, was lying to Court  
7 and making impermissible pressure on Emergency Screener and Professional Supervisors, using  
8 such defamatory falsehood allegations as "Mr. Mars is delusional", "is prescribed mental health  
9 professional", "cannot control himself" and other defamatory lies. As the result of such defamatory  
10 pressure, Emergency Screener Dr Mary Rolison requested mental health evaluation – which I did  
11 immediately and filed with the Court the same day. It clears any false allegations, and confirms that  
12 Nancy was lying and demonstrating unethical conduct and violation of ethical and professional  
13 standards.

14 P11. Additional proofs of credibility – Co-Parenting and Anger Management Certificates,  
15 obtained just as an additional proof of creditiblity for DVRO trial, that was fraudulently dismissed by  
16 Nancy Roberts to avoid evidence be ever seen, and matter be ever heard

17 P12. Mother-abuser grabs, drags, physically and emotionally abuses my son on Max's 8<sup>th</sup>  
18 Birthday, 11/23/2023 – violently interrupting Max's brief moment of happiness by physical and  
19 emotional child abuse

20 P13. But mother-abuser destroyed Max's brief moment of happiness – total overcontrolling,  
21 prohibition of any contact with father, physical and emotional abuse. Max is upset and feels  
22 extremely uncomfortable – because it is prohibited to be happy to see father, and it is prohibited to  
23 have father.

24 P14. Max is happy to see father greeting him with his 8<sup>th</sup> Birthday on 11/23/2023 – despite all  
25 prohibitions of evil mother-abuser.

1  
2  
3 P15. Full video recording of Max's Birthday greetings with all further abuse by Hanna  
4 P16. My text message, offering Hanna to grab coffee and donuts and make a Birthday party for  
5 our son – like healthy, caring parents. This text was not answered – instead Hanna next day called  
6 police on me and filed restraining order, to enforce and prohibit me from greeting my son with  
7 birthday, care about Max's safety and even to prohibit me cheering up my son  
8 P17. NO SIM – Hanna pulled out sim card from Max's phone to ensure that my son cannot  
9 contact neither me, nor 9-1-1 (observed on professionally supervised visit 11/10/2023)  
10 P18. Roblox chat is blocked too – after Hanna get know from professional supervisor that we  
11 used Roblox chat to stay in contact with my son  
12 P19. Supervised report 11/10/2023 – Hanna pulled out sim card from Max's phone to block any  
13 contact of my son neither with me, nor with 9-1-1  
14 P20. Supervised visit report 08/22/2023 – Mother-abuser prohibits Max talking about school, his  
15 life, overcontrols any contact with father, PROHIBITS CHATTING WITH FATHER EVEN IN  
16 ROBLOX  
17 P21. Fraudulent defamatory falsehood DVRO 09/13/2022 that Hanna Mars used to kick out from  
18 home my grandmom, defenseless 95 years old senior woman with disabilities, causing irreparable  
19 damage to her health and putting my grandmom into terminal condition, and to abduct my son Max  
20 Mars with the threat to “bury our son in Ukrainian soil, so you will never see him again”.  
21  
22 Please pay attention: there were no domestic violence and no abuse at all.  
23  
24 Allegations that I was pointing Hanna that she is sh\*tty parent when she didn't care about Max,  
25 neglected Max which led to my son breaking his arm bones, prohibited Max to speak English,  
26 abused my son for spending time with father, or creating scandals and fights with my son in front of

1 granny, defenseless 95 years old senior woman with disabilities, extremely vulnerable to any kind of  
2 stress – are probably valid allegations.

3 But this is not abuse – those are corrective actions of primary parent and head of household to  
4 prevent child and elderly abuse, and ensure safe, supportive and nurturing environment for my son,  
5 and protect my son and grandmom from Hanna's domestic violence.  
6

7 Yes, I said Hanna that she is sh\*tty parent, and after what she did to my son – I would repeat it again.  
8 Child abuse and abduction are absolutely impermissible. Parents must focus on safety and wellbeing  
9 of their child.  
10

11 Hanna retaliated me because I prohibited her beating my son, prevented her from stealing my son's  
12 passport and cancelling his Green Card, prevented international abduction of my son outside of the  
13 United States to Ukraine – therefore Hanna, as she threatened, attempted to kill my grandmom, and  
14 abducted my son with the threat to "bury our son in Ukrainian soil, so you will never see him again".  
15

16 The only reason, stopped her from international abduction of my son – is that she never had access to  
17 my son's passport after previous international child abduction in 2019-2020, and after she with  
18 deceit and blackmailing me, forced me to trade return of my son back home to the United States for  
19 travel authorization document which allows Hanna to travel with my son abroad without my  
20 permission for the next 10 years. Since then I knew that she is planning new abduction and never  
21 gave her my son's passport.  
22

23 It is the only reason why we still have this hearing here in the United States, and quite possibly the  
24 only reason why my son is still alive (while biological mother promised to bury Max abroad, in  
25 country where ongoing war already took thousands of children's lives)  
26  
27

1 P22. My responsive opposing DVRO 09/19/2022 which explains reasons why Hanna abducted  
2 my son, describes acts of violence, child and elderly abuse by Hanna that happened before abduction  
3 of my son with fraudulent DVRO, provides evidences of previous child abduction in 2019 – 2020,  
4 provides evidences of me being primary parent and head of household. Please pay attention that I  
5 was always in charge of my son's health, education, financial and legal matters. I provided Green  
6 Card to my son (which Hanna attempted to cancel). I insisted on Max's right to start school at the  
7 same age as other kids (not year later, as Hanna attempted to do). I was invited to School Council by  
8 School Principal. I participated in PIQE (Parent Institute for Quality Education). I enrolled my son to  
9 English, Math and KravMaga classes. And insisted on Max's participation in classes when Hanna  
10 attempted to unenroll our son. I was taking care of Max's health when Max broke arm bones and  
11 insisted on 2<sup>nd</sup> opinion doctor. I was carrying my son on my shoulders to school, making homework  
12 and teaching Max English – when mother prohibited us to spend time together and physically and  
13 emotionally abused my son for speaking English with me at home. I was taking Max to eKids events  
14 for advanced child eductation. I was organizing Max's birthday and kids parties. I was taking care of  
15 Max's safety and wellbeing. And yes, I prohibited Hanna beating my son and requested her to stop  
16 domestic violence and start working on healthy co-parenting instead of parental alienation and  
17 enforced violence as she did. To which she promised me to kill my grandmom, abduct and "bury our  
18 son in Ukrainian soil so you will never see him again".  
19

20 Maybe I was naïve, teaching my son that we never ever raise hand on mom, regardless of how  
21 violent she behaves – because gentlemen never raise hand on woman. My son and me paid for being  
22 respectful and polite to Hanna... And my son became hostage for years because of that my lesson of  
23 gentleman ethics that I always adhered. Though, after years my son will remember, that even when  
24 mother did absolutely impermissible crime against our family, him, and his great-granny, I still  
25 adhered to gentleman ethics – and kept giving my son example of being exemplary, supportive and  
26 law-obedient father.  
27

1 P23. Respondent's notice of move-out with reason "Relocate". This was received after Max  
2 notified me about high risk abduction to Ukraine in April 2023. Respondent abducted Child into  
3 unknown location, blocked all contact with the child, and refused to share location where she holds  
4 child. This raised huge concern that Respondent abducted Child to Ukraine violating ATROs as she  
5 threatened in July - August 2022, when attempted to steal Max's passport.

6 P24. Talking parents: Respondent's refusal to confirm child's safety and address where she  
7 relocated Child

8 P25. Talking parents: Respondent's confirmation that she blocked all contact with the Child,  
9 including calls, and forces Petitioner to abandon child

10 P26. Max's bruises observed on supervised visitation on 12/10/2022, reported to CPS. Bruises  
11 appeared after Max was worried and asked Petitioner if he can stay with Petitioner overnight, and not  
12 return to Respondent. Because we had to obey strict rules of visitations, I was unable to help my Son  
13 to stay with me, but tried to calm down Max and explained that those rules are temporary. Child  
14 most probably asked the mother about those rules that we have to obey, and came on the next  
15 visitation with bruises.

16 P27. Child Protective Services report 12/12/2022 about bruises observed on Max's body while in  
17 mother's custody on 12/10/2022—bruises were observed by Case Worker, but mother denied that  
18 those were caused by her. And Max (who recently stated that it hurts to talk about freedom, “because  
19 visit ends – and I must return to mother”) concealed any relationship between bruises and mother’s  
20 behavior

21 P28. Max's drawing of mother-monster eating child alive, 12/01/2022. Max created this picture  
22 during our visitation in Stanford Rodin Sculptures Garden. Mother suggested to create a woodoo-doll  
23 of somebody who you hate the most - and destroy it with all hatred. This suggestion was sent  
24 through professional supervisors Jesus Santos and Dylan Smith. I refused to enforce hatred in my  
25 son, and instead brought pencils and paper to create paper sailors and ornament them with some nice  
26 pictures, as we did many years in a row, sending sailors for a journey in puddles after rain. When  
27

1 Max took pencil and pen - his first picture was a monster who is eating child alive. The child is  
2 screaming "help!" Max had those screaming signs of extreme depression and fear after abduction by  
3 mother-abuser. Max refused to explain anything - this was simply silent scream for help after 4  
4 months since abduction by Respondent. I tried to cheer up Max, turn this picture in a game and  
5 added friends who help Child to escape from monster. But Max was did not cheer up, and after  
6 visitation stated to me: "I have to become evil like mom, there is no other choice"

7 P29. Police report on Wellness Checkup 11/24/2023 – when Hanna shoved Max inside house and  
8 called police on me for checking up on Max's safety after Hanna was physically and emotionally  
9 abusing my son on his 8<sup>th</sup> Birthday 11/23/2023, locked up my son, and didn't answer for whole day,  
10 giving me huge concerns about Max's safety, after documented history of domestic violence, child  
11 and elderly abuse, beating my son in June – July 2022, and bruises observed on my son's body,  
12 observed on paid visits in December 2022. Right after calling police on me, Hanna filed DVRO  
13 prohibiting me from greeting my son with Birthday, prohibiting me from caring about my son, from  
14 seeing, talking and even calling my son, who Hanna violently abducted to unknown location and  
15 holds hostage for more than year.  
16

17 P30. Child Protective Services Report 12/06/2023 about Physical and Emotional Abuse of my son  
18 Max Mars by biological mother Hanna Mars on Max's 8<sup>th</sup> Birthday 12/23/2023 after which Hanna  
19 called police on me to prohibit me from greeting my son with Birthday and supporting my son

20 P31. Emergency Screener Dr Mary Rolison recommendations, signed by Dr Rolison and  
21 Petitioner, which Respondent and Nancy Roberts refused to sign, and bribed judge Andrea Flint  
22 unlawfully and unreasonably removed from Court records without consideration.

23  
24 Recommendations include:

- 25      Child Abduction Prevention Orders  
26      Mental Health Treatment for Respondent  
27

- 1            Parenting Counseling  
2            Relief of visitations schedule for Child  
3            Prohibition of Domestic Violence, Threats and Parental Alienation – which Respondent is  
4           actively enforcing against my son

5

6           Those recommendations were unlawfully removed from court records by bribed Judge Flint, who  
7           refused to review them without any explanations. Child Abduction Prevention orders were denied by  
8           Andrea Flint multiple times, and she attempted to force me to sign off custody and give up my son's  
9           passport – therefore Andrea attempted to facilitate international child abduction of my son through  
10          obvious and absolutely impermissible severe abuse of judicial power.

11

12          P32.       Confirmation that Nancy Roberts, Respondent's Attorney refused to sign Emergency  
13           Screener Dr Rolison recommendations

14          P33.       Nancy L Robert's defamatory false allegations against me in email from 04/19/2023. Which  
15           includes defamation allegations of "delusional behavior", "delusional disorder", "failed to obtain a  
16           new professional supervisor" which Nancy L Roberts sent to Emergency Screener Dr Mary Rolison  
17           and Department 79 to make impermissible pressure on Emergency Screener Dr Mary Rolison and  
18           Court, despite Court and Emergency Screener were already provided Mental Health Evaluation  
19           results and all parties were aware that Nancy L Roberts is obviously and shamelessly lying to Court  
20           and sending false defamatory false allegations to make impermissible pressure on Emergency  
21           Screener

22          P34.       Nancy L Robert's defamatory false allegations in email to professional supervisor Lorraine  
23           Ruiz, sent immediately after the first visitation to put pressure on professional supervisor.  
24           Defamation allegations of Nancy I Roberts include "recommended a mental health evaluation of Mr.  
25           Mars by a qualified psychiatrist", "Mr. Mars has delusions", "Mr. Mars compulsively discusses",  
26           "Mr. Mars cannot regulate his behavior". All those defamatory false allegations were sent after all

1 parties were provided with Mental Health Evaluations and aware that Nancy L Roberts is lying with  
2 the purpose to make pressure on professional supervisor and interfere with visitations

3 P35. Report of professional supervisor Lorraine Ruiz after defamatory false allegations of Nancy  
4 L Roberts and defamatory false allegations of Respondent about "mental illness", "followed her" etc.  
5 Lorraine Ruiz quoted high pressure messages in her report, provides screenshots of messages and  
6 emphasizes that it's very suspicious that Child is talking about "terminating visit".

7 P36. Email from Respondent's Attorney Nancy L Roberts where she refuses to sign peaceful  
8 agreement, offered by me (Petitioner) and states her intentions to block case completely, blocking  
9 any contact with the Child and enforcing parental alienation for indefinitely without any reasons.

10 P37. Professionally supervised report of Jesus Santos, 11/24/2022 - when Petitioner organized  
11 birthday party for Child, to cheer up Max and give him feeling of good old times when father was  
12 organizing kids parties for Max almost every month.

13 P38. Professionally supervised report of Dylan Smith, 11/19/2022

14 P39. Professionally supervised report of Dylan Smith, 11/22/2022

15 P40. Professionally supervised report of Dylan Smith, 11/25/2022

16 P41. Professionally supervised report of Dylan Smith, 11/29/2022

17 P42. Professionally supervised report of Dylan Smith, 12/01/2022

18 P43. Professionally supervised report of Dylan Smith, 12/06/2022

19 P44. Professionally supervised report of Dylan Smith, 12/10/2022 – Supervisor refused to  
20 document bruises on body of my son

21 P45. Professionally supervised report of Dylan Smith, 12/13/2022

22 P46. Professionally supervised report of Dylan Smith, 12/14/2022

9

10 After I was pushed on the brink of bankruptcy and homelessness, and became unable to pay medical  
11 bills for my grandmom, who Respondent violently put into terminal condition by kicking my mom  
12 out from home with fraudulent DVRO – all of that with the help of intentionally harmful orders of  
13 bribed judge Flint, who attempted to force me to abandon my son by ordering maximum child and  
14 spousal support, unreasonable and unnecessary extra expert fees and ordered me to pay all  
15 community debts (about \$100,000 with hefty monthly payments), artificially extended paid  
16 supervised visits for more than half year, refusing to make custody review hearing, and put in me in  
17 situation where I was unable to pay for regular visits – I notified few week ahead Jesus Santos that  
18 soon I will be unable to pay for visits, and we probably will have to reduce amount of visits or pause  
19 visitations. In turn, Jesus Santos sent some defamatory allegations in email with the Court and Nancy  
20 that I allegedly “violated rules of visitations by being late” (which happened couple of times, when I  
21 notified Jesus and his partner Dylan ahead of time that I’ll be late because of urgent work meetings –  
22 and which had nothing to do with “violation of rules”). Jesus emphasized even in supervised report  
23 that according to his opinion being late is serious violation of the rules that leads to termination of  
24 visits. This has nothing to do with safety and wellbeing of my son, and is obviously not a “violation  
25 of the rules” (since I notified Jesus and Dylan ahead of time, respecting their time) – and it was  
26 obvious, that Jesus simply helps Nancy L Roberts to obtain some formal “proof” from supervisor  
27

1 that visits were terminated not by me due to inevitable financial ruin, caused by Nancy's and Flint's  
2 fraud, but allegedly because of "violation of rules of supervised visitations" (which is obvious lie).

3 Seeing such unethical defamatory statements from professional supervisor, who was repeating ugly  
4 unethical lies of Nancy L Roberts and helping her to leave my son without father, I terminated  
5 services of Jesus as supervisor.

6

7

8

9 **[P35] ... Report from Lorraine Ruiz could be found in P35**

10 **This is the most insightful and professional report.**

11

12 After impermissible pressure from Nancy L Roberts and Hanna Mars, with defamatory falsehood  
13 allegations said directly to Lorraine, and shamelessly sent in emails to Lorraine, Lorraine Ruiz  
14 withdrew from supervising visits with Max due to ethical reasons.

15

16 Report of Lorraine Ruiz (who Nancy shamelessly kicked from supervision after the very first and  
17 only honest and highly professional report), is very insightful – you may see how shamelessly Hanna  
18 Mars lies to professional supervisor about allegedly "Dr Mary Rolison" recommendations (which  
19 you can check from Dr Mary Rolsion recommendations filed with the Custody Review evidence  
20 package), sends defamatory falsehood statements to professional supervisor and trained my son to  
21 repeat that phrase about "terminating visit".

22

23 Lorraine Ruiz made honest and very detailed report, which ultimately shows catastrophic situation of  
24 my son – even though supervised visit was very short, and Nancy L Roberts pressured and kicked  
25 Lorraine Ruiz from supervising our visits immediately.

1  
2       **[P19, P20] ... Reports from Christina Covarrubias could be found in P19, P20**  
3  
4

5       Christina Covarrubias was highly professional and honest – being polite to both parties. Though,  
6       during her supervision, Hanna very aggressively blocked all contact with my son, prohibited even  
7       phone calls, blocked all chats (even Roblox), and pulled out sim card from Max's phone, to ensure  
8       that Max cannot contact neither me, nor 9-1-1. Reports of Christina might be very insightful to see  
9       how mother-abuser is making pressure on my son to enforce parental alimentation and force my son  
10      to completely forget father in preparation of international abduction outside of the United States to  
11      Ukraine.

12      P59.       Professionally supervised report of Bianca Taylor, 12/01/2023

13      P60.       Professionally supervised report of Bianca Taylor, 12/27/2023

14  
15       Esther and Bianca are repeating the same irrelevant allegations of “violating rules by being late” and  
16       “violating rules by talking on prohibited topics” as Jesus and Dylan. Bad influence of Nancy L  
17       Roberts is obvious in these reports – and position of supervisors, serving Nancy with irrelevant  
18       defamatory allegations is absolutely impermissible. I would remind that “prohibited topics” for  
19       which Esther and Bianca (same as Jesus and Dylan) are threatening to terminate visits include:

- 20  
21       - The fact that Max was born free  
22  
23       - The fact that Max has Green Card, sponsored by father, and have legal right to live in the United  
24       States  
25  
26       - The fact that Max has loving and caring father, and neither bribed judge, nor mother-abuser  
27       cannot force Max to be afraid or ashamed of having loving father  
28       - The fact that Max's father did not sign-off custody despite terrifying pressure of bribed judge  
          Flint, Nancy L Roberts, and Max's biological mother

- The fact that Max has right for being loved, supported and respected
- Max's safety and wellbeing
- How to protect himself from domestic violence by mother-abuser
- How to protect himself from international child abduction – one of the reasons why mother-abuser pulled-out sim card and left Max without any means for communication
- The fact that School, Child Protective Services and Police are notified about Max's abduction – and are ready to help to protect Max's safety
- The fact that there is no shame to ask for help and protection against mother-abuser, even when father is removed from Max's life by fraud, intentionally harmful wrongful orders of bribed judge Flint, and Max is alone with violent abuser, kept hostage without any contact with father
- The fact that mother is doing impermissible intentional harm by calling police on father and trying to put father arrested for greeting Max with Birthday, and for offering biological mother to put aside misunderstandings and make birthday party for Max, like loving and caring parents
- The fact that Max has right to have phone and have access to means of communication – which mother-abuser intentionally blocked and prohibited, to enforce fear and defenselessness in my son, who is held hostage in undisclosed location without sim card in his phone, and all his chats and messengers are blocked by mother-abuser
- The fact that war in Ukraine lead to thousands of children deaths and it is extremely dangerous to be abducted to Ukraine by mother-abuser, who threatened to abduct Max and bury him in Ukrainian soil (which is absolutely impermissible threat for any parent)
- The fact that mother-abuser attempted to kill grandmom on Max's eyes – kicked defenseless 95 years old senior woman with disabilities from home, and caused her irreversible terminal condition, violently and in cold blood. And this kind of parent holds my son hostage, blocking all contact with my son, and violently punishing my son in my presence even on his birthday
- The fact that Max has loving and caring father, who did not abandon him, despite pressure of bribed judge Flint, unethical attorney Nancy L Roberts, and Max's mother-abuser – did not sign-

1 off custody, and did not allow Max's biological mother to destroy Max's life once and forever  
2 by abduction of my son outside of the United States to Ukraine

- 3 - The fact that Max, like every child, deserves to be respected as HUMAN and PERSONALITY –  
4 and nobody can hold child hostage, locked up, without any means of communication, punished  
5 and harassed by his mother-abuser
- 6 - The fact that prohibited by mother-abuser topics of being RESPECTFUL and RESPONSIBLE  
7 are basic human values, that are the core for healthy and supportive society
- 8 - The fact that having loving and caring father is not a reason to be ashamed and punished by  
9 mother-abuser – but opposite, to be proud that Max is raised by respectful and caring father, who  
10 did not abandon him despite any trials and challenges, and cares about Max's life and future.
- 11 - Max has right to have both parents, and be raised in healthy co-parenting, with the primary focus  
12 on Max's FREEDOM, RESPECT and PERSONALITY.

14 After more than year after enforced parental alienation, after accepting inevitability to  
15 "BECOME EVIL LIKE MOM, BECAUSE THERE IS NO OTHER CHOICE", Max is still held  
16 hostage – and pressure that paid professional supervisors make on me, prohibiting me to cheer  
17 up Max or give my son hope to be free some day, loved and respected, raises concerns that this  
18 pressure is made again because of deteriorating influence of Nancy L Roberts – who did all  
19 kinds of unethical influence on authorities in this case, including lies, defamatory false  
20 allegations, and even bribery. Paid supervised visits are not only unnecessary – but intentionally  
21 harmful and must be replaced by healthy co-parenting and parenting counseling.

23 Respectfully submitted,

To whom it may concern:

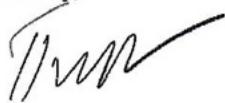

It is an honor to write this statement in support of Mr. Mars gaining custody over his son, Maxim Mars.

As a neighbor, I've known Mr. and Mrs. Mars for two years. In that time, our families have quickly become friends, and we have spent time together on numerous occasions. Mr. Mars has always struck me as an intelligent, thoughtful person of good character. I firmly believe that he is a great father figure for his son, Max.

As a friend of the family, I've witnessed a strong bond between Mr. Mars and his son, the kind that fathers and sons should form. We've participated in multiple activities together, and every time I saw Mr. Mars being supportive and encouraging towards Max. Being a professional software engineer and a tech enthusiast, Mr. Mars has invested a lot of effort to spark and develop Max's interest in science and technology. In all our interactions the two of them have always acted as loving and caring father and child.

It is my hope that you take note of this statement of recommendation for Mr. Mars to have custody of his son. I have all reasons to believe that Mr. Mars is a good person, and that him remaining a father figure to his son would benefit Max greatly.

Sincerely,

Alexander Pirozhenko

To whom it may concern,

Kostiantyn Mars works with EPAM Systems as a Lead Software Engineer and reports to me since May 2021.

As an employee, Kostiantyn Mars always demonstrated great performance on projects, being proactive and highly organized, focused on business goals, being a great communicator, respectful and supportive of colleagues. In my team, he manages a unit of 5 people, and all subordinates had provided positive feedback about working with Kostiantyn.

I've always put a premium on building good relationships and developing team spirit among my team members and Kostiantyn Mars never failed to deliver. He also helped us to start new initiatives for building the engineering community and helping colleagues to grow professionally and establish good in-person networking. Kostiantyn was supportive and creative while working on this initiative and inspired our colleagues to contribute even more, become speakers and co-organizers, and establish better relationships not only as professionals, but also as people.

Kostiantyn is a delight to work with and I wouldn't hesitate to recommend him as a great engineer and team player.

Respectfully,

## Affidavit

My name is Alena Chepakovich and I have been residing at 1055 Escalon Ave, Apt 306, Sunnyvale, CA, 94085 since February 2021. I have been neighbors with and have known Kostiantyn Mars and Hanna Mars for approximately one year. I met them several times at friends' parties and family gatherings and I can state that they were friendly to each other and attentive to their son, Max.

I remember that Hanna complained multiple times about her current living situation as they lived together with Kostiantyn's grandmother who is 94 years old, although Kostiantyn took full care of her while working and providing for the family. On two occasions with me and other people present, Hanna expressed her strong dissatisfaction with Kostiantyn's grandmother situation while revealing unnecessary details about the old women's condition that were quite disrespectful and inappropriate in a discussion in a group of people some of whom she met for the first time. On one occasion Hanna was also enquiring about a possibility of placing Kostiantyn's grandmother to a senior living facility. It was obvious that she did not want to live together with Kostiantyn's grandmother.

Hanna also mentioned that she wanted to go back to Ukraine, which (considering the ongoing war there) is dangerous for both her and her son. In my opinion, Hanna is quite depressed and stressed out about her current situation and I feel that she might want to seek professional psychologist help.

I feel that this whole situation with the family splitting up could have been easily avoided if both parties tried to be more considerate towards the needs of each other. They have a wonderful son Max, who deserves to have both loving parents. I think that for the sake of their son the parties should reconcile and find an arrangement suitable for everybody.

I hereby declare that whatever has been stated above is correct and true to my knowledge.

Those images from the funeral, which Iryna could not attend because of the severity of her injuries, are ones she tries not to look at because she feels as though her daughter is still with her.

The funeral for Liza on July 17. (Efrem Lukatsky/AP)

“The mental pain is worse than the physical pain,” she said.

She is 34 and, like other parents in Ukraine, struggling with wrenching, incalculable loss. Almost 1,000 children have been confirmed killed or injured since the war began, according to UNICEF, though the agency believes the true number to be much higher.

On social media, Iryna has been inundated with thousands of messages of love, prayers and support from around the world. Some people have shared paintings and poems with her.

Happy Thanksgiving and greetings with the  
birthday boy!

How about coffee together - let's organize  
Birthday Party for Max in Braly Park, with his  
friends, balloons and cake. Or maybe donuts.  
Let's put aside our misunderstandings and  
weird things  
that you are doing, and make a party for Max.  
Let's do it together, like normal, loving parents.  
It is named "co-parenting" - and I offered it to  
you much before you captured Max as hostage.

Max has completely legal right to have a father.  
You are doing wrong things, that do harm  
for Max's personality in future.  
If you wouldn't bribe judge solely to abduct Max  
to Ukraine - we would already be going through  
Parenting Counseling, and would be working  
together on healthy co-parenting, focused on  
Child's wellbeing and best interest.

Anna, please give Max a normal, healthy life.

*Judge or Judicial Officer*

**Certificate of Compliance With VAWA**

This temporary protective order meets all "full faith and credit" requirements of the Violence Against Women Act, 18 U.S.C. § 2265 (1994) (VAWA), upon notice of the restrained person. This court has jurisdiction over the parties and the subject matter; the restrained person has been or will be afforded notice and a timely opportunity to be heard as provided by the laws of this jurisdiction. This order is valid and entitled to enforcement in each jurisdiction throughout the 50 states of the United States, the District of Columbia, all tribal lands, and all U.S. territories, commonwealths, and possessions and shall be enforced as if it were an order of that jurisdiction.

**This is a Court Order.**

**Warnings and Notices to the Restrained Person in ②****Your Address to Receive Court Orders**

If the judge makes a restraining order at the hearing (court date), which has the same orders as in this Temporary Restraining Order, you will get a copy of that order by mail at your last known address, which is written in ② on page 1. If your address was not listed on this form or is incorrect, contact the court. If you did not go to your court date and want to know if the judge granted a restraining order against you, contact the court.

**Child Custody, Visitation, and Support**

- **Child custody and visitation:** If you do not go to your hearing (court date), the judge can make custody and visitation orders for your children without hearing from you.
- **Child support:** The judge can order child support based on the income of both parents. The judge can also have that support taken directly from a parent's paycheck. Child support can be a lot of money, and usually you have to pay until the child is age 18. File and serve form FL-150, Income and Expense Declaration, or form FL-155, Financial Statement (Simplified), if you want the judge to have information about your finances. Otherwise, the court may make support orders without hearing from you.
- **Spousal support:** File and serve form FL-150, Income and Expense Declaration, so the judge will have information about your finances. Otherwise, the court may make support orders without hearing from you.

**Instructions for Law Enforcement**

This order is effective when made. It is enforceable by any law enforcement agency that has received the order, is shown a copy of the order, or has verified its existence on the California Law Enforcement Telecommunications System (CLETS). If the law enforcement agency has not received proof of service on the restrained person, and the restrained person was not present at the court hearing, the agency shall advise the restrained person of the terms of the order and then shall enforce it. Violations of this order are subject to criminal penalties.

**Arrest Required if Order Is Violated**

If an officer has probable cause to believe that the restrained person had notice of the order and has disobeyed the order, the officer must arrest the restrained person. (Penal Code, §§ 836(c)(1), 13701(b).) A violation of the order may be a violation of Penal Code section 166 or 273.6.

**If the Protected Person Contacts the Restrained Person**

Even if the protected person invites or consents to contact with the restrained person, the orders remain in effect and must be enforced. The protected person cannot be arrested for inviting or consenting to contact with the restrained person. The orders can be changed only by another court order. (Penal Code, §13710(b).)

**This is a Court Order.**

## Conflicting Orders—Priorities for Enforcement

If more than one restraining order has been issued protecting the protected person from the restrained person, the orders must be enforced according to the following priorities (see Penal Code, § 136.2, and Family Code, §§ 6383(h), 6405(b)):

1. **EPO:** If one of the orders is an *Emergency Protective Order* (form EPO-001), and it is more restrictive than other restraining or protective orders, it has precedence in enforcement over all other orders.
2. **No-Contact Order:** If there is no EPO, a no-contact order that is included in a restraining or protective order has precedence in enforcement over any other restraining or protective order.
3. **Criminal Order:** If none of the orders includes a no-contact order, a domestic violence protective order issued in a criminal case takes precedence in enforcement over any conflicting civil court order. Any nonconflicting terms of the civil restraining order remain in effect and enforceable.
4. **Family, Juvenile, or Civil Order:** If more than one family, juvenile, or other civil restraining or protective order has been issued, the one that was issued last must be enforced.

## Child Custody and Visitation

- The custody and visitation orders are on form DV-140. They are sometimes also written on additional pages or referenced in DV-140 or other orders that are not part of the restraining order.
- At items 8b(1) or 9b(1) of this order, the judge may allow the person in ② to have brief and peaceful contact with the person in ①, as needed to follow court-ordered visits. Conduct of the person in ② that is not brief and peaceful is a violation of this order.
- Forms DV-100 and DV-105 are not orders. Do not enforce them.

DECLARATION ATTACHMENT TO REQUEST FOR RESTRAINING ORDER

I, Hanna Mars, requesting party herein, testify truthfully to the facts stated herein.

1. I am seeking a domestic violence restraining order against my husband Kostiantyn Mars (hereinafter "Kostiantyn"). I was married to Kostiantyn Mars (hereinafter Kostiantyn) on June 5, 2015. As a result of our marriage, we have one wonderful child together, Maksym - age 6 (DOB:11/23/2015).
2. I was three months pregnant when we married, after I had known Kostiantyn for approximately seven months. Things were OK until Maksym was born. After Maksym was born I rarely saw Kostiantyn as we slept in separate rooms where I cared for our baby and during the day Kostiantyn was at work. We only occasionally had dinner together and Kostiantyn was not caring, but his behavior was not abusive as it later became.
3. When Maksym turned about age one, my husband started to become abusive toward and controlling of me. For the short periods of time he was at home, he constantly disparaged me telling me I was a bad wife, and I didn't know how to keep the house in order. He would go around the home and tell me that I failed to put items back in their proper place. All the time he would disparage me and tell me that I was stupid, dumb, that I was worth nothing. He also started calling me a bitch when yelling at me. This behavior continued after we moved to the United States in May of 2019. Kostiantyn told me that this move was best for our son.
4. We lived in the Los Angeles area for about one year and then moved to the Bay Area in October of 2020. Things remained about the same with Kostiantyn disparaging me and calling me names; however, the frequency with which it occurred increased. We had a one bedroom apartment. Kostiantyn took over the one bedroom and used it as his office to work from home. Maksym and I slept in the living room. We rarely saw Kostiantyn except for dinner and sometimes on weekends. My job was helping Maksym with online school and keeping him quiet or taking him outside of our house because if there was noise, Kostiantyn would start yelling at me in front of our child about the noise.
5. Things really escalated in January of 2022 and again in June of 2022 when Kostiantyn brought his 94 year old grandmother over from Ukraine. Since January of 2022, Kostiantyn has been threatening me with regard to our son and my immigration status. Kostiantyn also started physically and emotionally injuring our son Maksym, then age six. From January until September when I began to intervene and try to keep Maksym away from his father, Kostiantyn would spank Maksym telling me and Maksym that "it educates him." On multiple occasions Kostiantyn would grab Maksym so he couldn't get away from him, pull down his pants and underwear and smack him on his bottom hard three to five times leaving red marks which would last for at least one hour. I was afraid of Kostiantyn, but after months of this behavior, I would try to talk to Maksym and remove him from the situation before it escalated. Prior to that, when I

tried to intervene, Kostiantyn would yell at me, grab my hand and tell me that “I was preventing him from raising his son and it was necessary for Maksym or he otherwise wouldn’t understand and he would “behave like a girl.” Kostiantyn would then threaten to take Maksym away from me telling me that “I am a softie with him.” I was afraid of Kostiantyn so I didn’t call the police. I just kept trying to intervene and protect my son and myself. If I told Kostiantyn that I would call the police, he would tell me, “what do you think you will say to the police. You don’t speak the language.” He would then continue to threaten that he would take Maksym from me.

6. Also since January of 2022, Kostiantyn has been hiding important legal documents from me such as Maksym’ birth certificate, our marriage certificate, and our son’s green card and Ukrainian passport. I am very concerned about his hiding Maksym’ documents in light of his threatening to take Maksym from me.

7. Around mid-July of this year, Kostiantyn went through the necessary process to obtain his and Maksym’ green cards. Although we filled out paperwork, I don’t think Kostiantyn filed the documents necessary for my green card as I still haven’t received mine. As part of the process of obtaining Maksym’ green card, Maksym needed to be vaccinated. One of those vaccines was Hepatitis A vaccine which is given in two doses the second of which is at least six months from the first. When we took Maksym to the CVS to get his second dose, Kostiantyn told the pharmacist that it was OK for Maksym to get his second dose and that it has been six months since the first dose. He lied however, as he was in a hurry to get Maksym’ green card. I told the pharmacist it has been only four months and he refused to give Maksym the vaccine that day.

8. Kostiantyn was angry that I told the pharmacist the truth and threatened me and told me “If you screw up the green card process for our son, I will make you return to Ukraine and you will never see Maksym again.” Before going to the pharmacy, I told Kostiantyn that the first dose of vaccination was enough to get a green card, but he did not listen. After we left the CVS pharmacy, Kostiantyn again put me down in front of Maksym, yelling at me and threatening me saying, “You are a stupid fool idiot, because of you Maksym may not get a green card, why are you getting involved in this with your stupid words? “You are nobody without me and it depends on me whether you stay in America or not.” Kostiantyn then said to Maksym that I was a bad mother and I did not love him. Maksym began to cry and I asked Kostiantyn not to yell and say these things to our child. Kostiantyn just yelled at me and continued to scream and humiliate me in front of our son.

9. In August and September, Kostiantyn just started doing things to make my caring for Maksym difficult or trying to move me out of his and Maksym’s life. On August 17, 2022, Kostiantyn took the child car seat from the car which I was driving and said that he will now keep the car seat in his car and he will determine whether I can use it or not. A little later, my husband said that he will stop giving me the car seat because he will take our son where he needs to go and he does not need to go anywhere with me. He then told me ~~he~~ could buy my own car seat after our divorce. Since we lived in the Ukraine everytime Kostiantyn was unhappy about something with

me, he would tell me, "We will divorce, just not right now."

10. On September 1, 2022, Kostiantyn forced me under duress and coercion to sign a document removing me from the lease for our apartment. Exhibit "B." He told me that if I didn't sign this lease amendment, he would take our son from me and cancel my green card process. I was very scared and so I signed the lease amendment. This was done after he sent a misleading text message to our apartment landlord telling them that he wanted me off the lease and that I should have no keys to our mailbox. Exhibit "A." Kostiantyn had stated telling me for about one month prior to this that I needed to find my own apartment, and threatening me that I should not add our son's name to any lease I enter into because our son will live with only him. He gave until this Friday, September 16, 2022 to leave our apartment. This is difficult for me as I don't speak English well and I don't have a job that pays enough for me to pay for an apartment of my own. I work about 15 hours per week and gross about \$2,400 per month. I am a UX designer, but I have only 6 months part-time experience in the U.S. and although I have looked for full-time work, all employers tell me that they are looking for someone with more experience.

11. On September 4, 2022, Kostiantyn disparaged me in front of our son again. He told our son that "your mom keeps you starving and she is not a good mother." Our son was upset and told his father that I had just fed him. Kostiantyn did not stop and kept telling our son bad things bout me. On September 9, 2022, Kostiantyn told me to "voluntarily" sign a lease where I would exclude our son from the lease" as "our son cannot live with me." Kostiantyn threatened me, "if you include our son on the lease, I will take away your parental rights and stop your green card process." I don't know if Kostiantyn even started the process as I am the only only family member without a green card still.

12. Since we have lived in the U.S., Kostiantyn has hid all financial information from me. He never allows me to see his pay stubs, our tax returns or bank statements - any document that would indicate how much he earns. Even with the tax return, he would just bring me the signature page and tell me to sign. He would never let me review it.

13. More recently, on September 13, 2022, Kostiantyn called my parents and told my father, "if she doesn't sign a lease agreement with th apartment for herself before September 16, 2022 and leave, I will do everything to send her to Ukraine and she will never see our son. Maksym should not be included in her apartment. You will never see your grandchild ever again."

14. Over the past year with Kostiantyn's behavior and what he says to our son, Maksym has been very concerned and often cries. Maksym will take my hand and say, "Mom, I want you to always be there, Dad says that you will go to a psychiatric hospital." I then hug my son and tell him I will always be here for him and never leave him. I am very concerned for Maksym and myself with Kostiantyn's controlling and threatening behavior. I have always been Maksym's primary parent, both in the Ukraine and in the U.S. Kostiantyn spent very little time with Maksym working most of the time. He is now using Maksym as a control device such that if I

don't do what he wants, he will take Maksym from me. He continues to try to convince Maksym that I am a bad mother and do not care for him. This is so detrimental to Maksym.

15. I am requesting a restraining order against Kostiantyn protecting both me and Maksym. I am requesting full legal and physical custody of Maksym and I will need child and spousal support until I can find a full-time job. As Kostiantyn took the keys to the 2014 Volkswagen Tiguan that I had been driving. Kostiantyn drives our other car, a 2022 Hyundai so he has the use of a vehicle. He just took the second car away from me to be spiteful. I ask that the court award me the exclusive use of the Tiguan. I also ask that I be allowed to stay in the apartment in which we currently live and that Kostiantyn be ordered to immediately vacate the property. As I have very little income, I am also asking that my husband pay me \$10,000 so that I can retain an attorney to represent me in this matter.

I declare under penalty of perjury that the foregoing is true and correct.

### INSTRUCTIONS

For more information please refer to Superior Court of California, County of Santa Clara Local Rules 5 A & B and California State Rules, Rules 5.151, 5.165, 5.167, and 5.170.

This form is required in Santa Clara County, if you are asking the Judge to make immediate orders (also known as emergency or ex parte orders) without the other party being present for a hearing. This form must be completed in any case where ex parte orders or emergency orders are requested. If you are required to give notice, notice must be given before 10:00 a.m. on the court day before the Judge reviews the application, or the application will be delayed another 24 hours. Notice means providing the other side of the case, either all other attorneys or any self-represented party, with copies of any papers that you want the Judge to review and any orders that you are requesting. If you have given notice to the other side of your case, you must state the form of notice given. If you ask the Court to not require notice, you must explain why. Sometimes notice is not required, such as cases involving allegations of domestic violence or where the safety of a party or a child might be at risk if notice is given. It is up to the Judge in your case to determine whether notice will be required or not.

#### **SECTION #1**

State whether you are the Petitioner or the Respondent in the case. Once a case is filed, the parties keep the same status in the case. You do not change from the Respondent to the Petitioner by filing a new motion in the case. If you do not have an attorney, you are considered self-represented.

#### **SECTION #2**

If any other party is represented by an attorney, you must provide the Court with the attorney's name and address. If the other party is not represented by an attorney, you must provide the Court with the other party's address.

#### **SECTION #3**

It is very important to list all other cases in which you and the other party have been involved with the courts. This would include other Family Law, Probate, Juvenile, Restraining Order, Child Support, Civil, or Criminal matters. If you do not have the case number, please put "unknown" and list the county and the year of the filing, if possible.

#### **SECTION #5a.**

Unless notice is excused by the Court, you must provide notice of this application to all other parties and attorneys before you deliver a copy to the Court. When you give such notice, specify how you did it (by fax, courier, or personally, for example), who received it and at what time and on which date. Also, please explain how you know that the other side received copies of your papers and what response you were given.

#### **SECTION #5c.**

If you believe that you should not be required to give notice of this application and are asking the Court not to require notice, explain why in this section. Check as many boxes as apply. You must also write out any further explanation of your reasons for not giving notice or provide a separate declaration.

After this form is completed, attach it to your application or motion and submit them to the Court Specialist's Office at the Family Court Facility where you are dropping off your paperwork for review.

## DV-120 Additional Reasons I Do Not Agree<sup>1</sup>

I, Konstantin Mars, contest a temporary restraining order from 9/14/2022 for case 22DV000779, and testify truthfully to the facts stated herein.

1. Primary reason why I do not agree to the restraining order is that I am currently the only person in our family who cares about Max's safety, health, growth and future, and this restraining order prohibits me from keeping Max safe and from protecting him from abuse and abduction by Hanna Mars. See exhibits 1-9, 24-26

2. By Max's safety I mean staying in the United States with a parent who cares about Max and protects him from unnecessary dangers. And helping Max to develop good choices, safe, respectful and responsible habits.

In contrast, Hanna together with her father threatened me personally to abduct Max and take him outside of the United States to Ukraine, where they promised to keep Max indefinitely - and taking into account war that is currently happening in Ukraine, this is the direct threat to Max's life. Caring parents take their children out from the war zone in Ukraine - but Hanna in the opposite is doing everything to obtain Max's documents, abduct him and take to the country where war is going on.

We've been arguing about risks of staying in Ukraine during the war many times since July when Hanna became determined that she is willing to risk Max's life just to see parents. Story of 4 years old girl killed by Russian bombing in Vinnytsya on July 14 made our positions clearly absolutely opposite. My main concern is our son's safety - that means either Max will live in the United States and grow in a healthy and safe environment or will be put at risk of death every day in the war zone. And in my opinion the first option is the only option at this moment.

Story of the 4 years old girl killed in Vinnytsia on July 15 become the cornerstone in our family conflict about travel: <https://www.bbc.com/news/world-europe-62181726> , <https://www.nytimes.com/2022/07/15/world/europe/russia-vinnytsia-liza-dmytryeva.html>

3. Hanna already tried to hold Max in Ukraine for unnecessary long period of time - 7 months (instead of originally planned 1 month) on December 24, 2019 - July 6 2020 (July 17 2020). See exhibits 20-23

I asked Hanna to make a trip together, and because I had a small amount of PTO days I suggested to go for two weeks. But Hanna (who was a housewife at that moment) said that she is not restrained by any work or PTOs, and I will anyways pay for her entertainment - so she is willing to stay for a month at least. Later on she found different reasons to postpone her return, and after that COVID flight restrictions made flight

---

<sup>1</sup> DV-120 Additional Reasons I Do Not Agree

impossible for some time. In the end, Hanna's desire to stay longer turned trip to 7 months when she kept Max away from home and from me, preventing our communication and forcing parental alienation in Max.

And she stole a significant piece of time of adaptation to the United States from Max, so important in the first years after relocation.

4. By Max's future I mean that I provided Max Permanent Residency (Green Card) as a primary applicant based on employment. And now Permanent Residency grants Max the right to stay in the United States today and in future, far from dangers of war, and also being part of a modern, highly educated, friendly and supportive society. Max is happy to live here, has lots of friends and thanks to me has the legal right for the safe future. *See exhibits 1-9, 24-26*
5. Hanna did multiple attempts to prevent Max from receiving Green Card (she tried to hold Max outside country for unreasonable time, tried to prevent Max of getting required vaccinations, created fights, dramas and conflicts in the most critical moments to distract me from working on Max's case).  
Seems Hanna is jealous and trying to retaliate against Max for him getting Green Card - she created lots of scandals and fights, even on day when Max received Green Card Hanna created fight and drama, and first words were not congratulations to our son, but jealous "why Max gets Green Card, where is mine?"  
It insulted both Max and me, and Max was almost crying and very nervous - he didn't understand how to react, whether it is great achievement and reason to celebrate (as daddy says), or is it something very bad (as mommy says in her nervous and angry manner).  
Hanna's negativity and pushing Max away from little celebrations in life negatively impacts on Max over time - because she pushes Max away from healthy and happy life to disturbed and worried state of constant negativity that mom is forcing every day.  
Hanna's case was delayed, we checked together in August, and after multiple attempts USCIS finally provided RFE only later in September. Though, Hanna prefers to be violent and abusive, ruin our family, initiate divorce process and kick out me and granny from home instead of working together on her Green Card and Max's happy future.  
From talking to Hanna and her father I understood that they never were interested in staying in the United States and her goal was to divorce and return to Ukraine immediately after receiving a Green Card or even earlier.
6. By Max's health I mean that I am not only providing medical insurance and improving Max's living environment, but I'm also taking care of Max in case of any illnesses or accidents. For example during Max's right arm bone fracture (radius and ulna) recently, I insisted (despite hard arguing with Hanna) on the second opinion to ensure that we don't need angulation reduction. I brought Max to another doctor (who actually even Hanna liked more), I researched and provided instructions on home massages and additional therapy/exercises that we've been doing to recover Max's hand. And it helped. *See exhibit 5*

7. In contrast, Hanna (who probably neglected Max) was only shouting, crying and creating conflict and drama around Max when he got hurt and was crying in pain. I asked about reasons of trauma - but Hanna was distracted and couldn't explain what happened and insisted that Max will also not explain and not try to understand the cause and how to prevent it. When I insisted on the second opinion doctor, Hanna said "Don't care, Max doesn't need that hand, he is lefty". That was rude, cold to our child, and insulted me.
8. By Max's growth I mean that I'm helping Max with learning and growing as the personality, in understanding American mindset and English language, in developing good habits and being curious, positive and supportive. I'm also regularly introducing improvements in Max's education (that are disapproved by Hanna, but still make positive difference). *See exhibits 1-9, 24-26*
9. For example, when Hanna returned Max back to United States in 2020, I asked Hanna about sending Max to school (TK). But she rejected my idea and said that it's easier to keep Max in daycare. We argued about it, and in the end I insisted - and Max started school in 2020. Hanna was very angry, and retaliated with multiple fights and scandals - though, our son is now in school with other students of the same age, and is happy to have such friends.  
If I'll not insist - Max would be the oldest boy in the class, falling behind from other kids of the same age for one year.
10. Another example about education - starting first days in the United States I offered Hanna to start talking English and watching English movies at home at least a day or two in a week (that is considerably very small amount of time). But Hanna strongly rejected, started conflicting, fighting and screaming, and repeated it any time I tried to talk English and explain Max meaning of words or ideas of movies/stories.  
I'm insisting on talking English and being proficient in English in the United States. I do believe that it's the language that all people talk and understand around (Spanish is another language that we'd like to learn).  
I'm trying to talk to Max in English, we are discussing school, friends, movies and weather, new things and new places, and with me Max is happily learning language and gets significant improvements.  
Though Hanna disapproves our conversations and creates fights and dramas each time.
11. Another step in growth that I took (and that Hanna is trying to block again, now with divorce and restraining order) is that we've with Max choose new school that he likes, and that has rating 8 - comparing to our current school with rating 4 (see attached screenshots). This is significant improvement - but to feel that Max should be among best students, who actually put efforts and are supported by parents in their achievements. *See exhibits 25-26*  
Unfortunately, Hanna disapproves Max's achievements in school, and even prohibits Max from doing important homework in time. She forces our son to be late to school, to be unhappy, to be not interested, and not to do homework.

Recently Hanna event created conflict, drama and fight to prevent Max from doing homework together with me. She was constantly interrupting, shouting, forcibly pulling Max away from me, hurting Max, so Max started crying. And in tears Max said "mom, please leave me alone, I can do this homework together with daddy if you stop distracting me"

As result, after I helped Max to calm down, we did leftover of homework quickly and easily, and next day Max got a Vargas Dolphin badge sticker for being one of the first students who did this important homework in time. *See exhibit 3, Picture 1*

Though Hanna was disapproving Max's achievement, threw away sticker (that I occasionally found and stick back to Max's backpack), and was preventing Max from taking picture of this significant moment, commenting that "daddy is evil tyrant and you shouldn't talk to him".

12. Recently, in the beginning of September, we together with Max chose a new home, that Max loves and wants to live in, and I signed lease for that new home. New home has bedrooms for all family members, and Max already chose his bedroom. Also there is new school right across the street from new home with better rating (8) than our current school (despite we love current school and there are lots of friends that we'll stay in touch - it's a significant improvement, and I'd love to give Max chance to try it).

Though, Hanna disapproved our move, created huge scandal and fight, kicked me out of home with the restraining order (together with 94 years old granny) and keeps Max away from me and from any improvements in life.

I'm doing my best to provide decent life to Max and our family. Sometimes it's not so easy, and requires lots of efforts, but this is life - and after small period of being humble and hardworking, opportunities happen. New home is amazing opportunity for our family, and especially for Max - because it's time to stop sleeping with mom and have personal bedroom. Also it's time to focus on studying and school instead of constant fights and dramas that we had during last years with Hanna.

But unfortunately Hanna is holding Max back from anything good.

She is ready to fight and destroy our family, kick out me and elderly person (our granny, 94 yo) from home, abandon her Green Card case (because this is what she heard from immigration attorney with whom I organized her call to clarify her issues and help to decide whether we need divorce at this moment). Hanna's behavior is not simply abusive - it's destructive for our family, and I can't allow her to destroy Max's life by abusing and holding him in unhealthy environment. *See exhibits 24-26, 10-11*

13. Hanna is sleeping in Max's bed, abusing him during day and night, and installing bad mood and bad habits in Max's personality by continuous pressure on our son. It is recommended to give personal space and bed to children after 1 year old, but Hanna is still forcing Max to sleep with her even in 6 (in November - 7 years). She also creates mess and doesn't care about cleaning house, and forces Max to think that it is norm of life. Messy, nervous environment, that Hanna creates, is distracting Max from being focused, makes him cry and feel uncomfortable.

I'm trying to fix it with moving to new home (that i necessary taking into account that our family grew recently when we take great granny from Ukraine into our home). Everybody should have their own space.

14. If only Hanna would be little bit more patient and not creating all these fights and dramas - our family would move to a new home and live happily.

But unfortunately, Hanna stated her decision to divorce and signed agreement to leave premises. We discussed this step, and she confirmed intent to find new apartments. I agreed that even after she signed a move out agreement she can live with us until she finds a new place.

But Hanna changed her mind multiple times in a week - she shouted, screamed, fought one day, shouting that she will divorce and fly to Ukraine right away, and another day she asked my permission to stay with us. I allowed her to stay - because despite her abusive behavior I believe that she could improve and become better one day. I do believe in people.

I also took Hanna with us with Max and showed her beautiful affordable casitas (for \$1,500 and \$1,700) near our new home, fully renovated and with all appliances - so Hanna could pick Max from school and take care of him when she wants, living close by - but Hanna rejected, created scandal, drama and fight, forcibly pulled Max and shouted saying that she wouldn't live in casita and wants a house. I said that if she made a decision to separate, and is acting into this direction, than it's worth to start small, ensure that she is able to establish budget and can live by herself before taking Max - because Max has home at this moment, and has parent who provides to him and who cares about Max, and I will not prevent her from coming to us, or even staying with us, but the only condition is to avoid conflicts, fights and dramas in front of Max. Therefore after Hanna made decision to separate it was completely reasonable to start planning fresh start - and I was ready to help Hanna with money, advise and anything that she needs.  
*See exhibits 27-29*

15. Recently, on September 15, 2022, Hanna proved that I shouldn't believe in people.

Using temporary restraining order, she took forcibly our son, Max, from me, and kicked me out from home together with 94 years old granny, who needs constant care and has impaired vision, hearing and moves only on wheelchair. This was act of violence against our son and our family that ruins our family completely. I don't know how to explain what Hanna did to our son. I'm curious, how does she explain her decision?  
*See exhibits 10-11*

16. Few notes to contest what Hanna stated in her Declaration:

17. P.3 and p.4 - There were no conflicts before moving to the United States. Or at least I don't remember them.

Hanna says that moving to the United States was "best for our son" - though it's probably evident that quality of life in the United States is in general better than in Ukraine, especially currently during war. This was an improvement for all family members including Hanna.

I started using the bedroom as the home office during COVID pandemic while Hanna was staying for 7 months in Ukraine, keeping Max there. In empty apartments it helped to be more productive and avoid feelings of loneliness and bad thoughts about losing family.

When I was able to convince Hanna to return and she brought Max back to the United States, I gave bedroom to Max and we resided with Hanna in the living room.

Though, due to some psychological issues, Hanna was not able to sleep with me peacefully, and created conflicts and dramas even at nighttime - and this introduced a big disturbance into our organized living space.

Yes, later on Hanna's abusive behavior forced me to change places to avoid conflicts with her, in hope that she at least will not abuse Max because he is Hanna's son - though it was my naive hope, as I discovered later.

18. Hanna definitely intervened, preventing us from spending time together with Max, forcing parental alienation and creating dramas where she tried to imbue Max fear and hatred against me. When I touched Max, Hanna was shouting, pulling Max forcibly away and tried to stage "that I was allegedly hitting Max" and she was telling this to Max, repeating many times to ensure that Max remembers her version of dramatisation. I tried to calm down situation, explaining that there's nothing bad and father should have time with the child, and mother should not prevent us from communication.

That times back I didn't know about parental alienation, and believed that over time Hanna's hysterical behavior will self-fix if I'll create more quality family time, will be caring and polite, and I did my best, organizing weekend trips and holidays to explore places, rest on beach or play together. I've put my heart and soul into each moment we had together as a family, and saw how positively it influenced Max - he got rid of psychological cramps that Hanna installed to him, and became a happier, smiling and sunny boy. Max really enjoyed our family time and every opportunity to be with dad.

Though, Hanna became jealous and angry and each family trip usually ended in conflict and fight with her in front of Max, after which Hanna accused me in front of Mac and said that "father is a tyrant and is forcing us to go to these places. I'd better sit home with you!" (By places she meant Universal Studios Hollywood, Golden Gate Bridge, Santa Monica beach, etc. which she also enjoyed trips - though in the end of the day becoming mad and creating conflicts, dramas and fights)

See my Instagram account constantine\_mars or attached screenshots from it to know more about our family time and moments of Max's life that I'm trying to capture for future Max, so he could remember family not from parents divorce and fights, but from brighter side, that actually is much more important for growing Max healthy, happy and confident.

19. P.5 Regarding spanking - yes, I showed Max once what does that word means, playing scene of spanking his bottom - when Max asked about it after watching one of the episodes of "Simpsons", where they mentioned spanking. I probably repeated this "play" few times later when Max did some bad things - only showing raising hand above Max's bottom, but never hurt Max and never took it as serious punishment. This was more of a game to "I'll spank you - no, try and catch me!".

Max took this lessons as game and was many times joking later "spank me, I did something bad!" with the smile and trying to play hide-and-seek with me - though, after some time it started looking weird for me and I refused to play this anymore. I explained Max that educational purpose of knowing meaning of this word was achieved - and he should never be afraid of any physical punishment, and be brave and confident in life. Also I explained that it's more important to be responsible and make good choices - to control your life and not allow anybody, including parents, to "spank" or punish you. Education of making good choices is the long path - and there were many other topics that we are working on with Max. Unfortunately, Hanna never tried to understand me, and created fights and dramas each time I was talking to Max, on many of other topics (even about how to do conscious text/voice search of videos on YouTube instead of just swiping pictures from suggested videos).

20. P.5 Yes, I did say Hanna that she is preventing me from raising our child, and tried to explain her that boy should have father to develop important for boy parts of personality. Also, yes, Hanna's influence makes Max making not a good choices, and Hanna is nurturing culture of being messy, disorganized, crying frequently, being too touchy, disrespecting people (especially elderly people) and being inattentive. Yes, that is true that our positions on Max's development are opposite on these topics: I do believe that Max needs to be organized (and it's easy in clean, healthy, organized environment and with parental support), boys don't cry (unless there is some really strong reason - though, developing boy mentally strong is a good thing in my opinion), being respectful, responsible and attentive are parts of my family culture and are also taught in Max's school currently (there was even special paper that we had to read with Max and sign about being "safe, respectful and responsible").
21. P.6 Yes, I took Max's documents from home after Hanna directly said that she is planning to abandon everything and fly immediately to Ukraine with Max. I had conversations with her parents about this, asked them to provide Hanna mental health support (mentioned that I'm afraid to intervene with her mental health issues taking into account our misunderstanding and I prefer to keep Hanna's issues private). Parents agreed to help Hanna with psychologist help, but her father nervously stated that he is against Max's future in the United States, he wants to abduct Max, take him from the United States and keep in Ukraine for indefinite time, and "will raise Max without father" - on Hanna's father opinion, my son doesn't need my as father. That was abusive and insulting. I tried to calm him down, though he continued arguing. Later on, in another talk, Hanna's father said that they will take Max from me either legally or illegally, and it doesn't matter for him how. That was a direct threat. I feel that Hanna's actions, especially restraint order that she requested to kick me out of home and to take custody of Max are the direct result of thoughts that her father said, and that she also said before - regarding abducting Max and taking him out from the United States to keep him indefinitely with grandparents. Taking into account these threats I removed Max's documents from home and keep them in the safe place to avoid sudden abduction.

After Hanna's restraint order I see direct threat to Max to be abducted and taken out from the United States, and ask you to protect Max from abduction.

22. P.7 As I already mentioned, Hanna tried to prevent Max from obtaining Green Card multiple times, and vaccination was only single of them. Yes, we had confrontation about it - but I didn't have much time for arguing with Hanna and left her because had another appointment. Hanna had VW Tiguan and we've been driving on two different cars at that moment.
23. P.8 I tried to be polite, and Hanna is altering my words. But yes, Hanna definitely was threatening Max's green card process, and it was too significant to leave it without attention.
24. P.9 Yes, I was driving Max to school recently - for a few reasons. I wanted to save Max from abusive pressure of his mom, who was shouting and installing negativity every day. I saw that because of Hanna's agitation and intents to separate and leave country, she is making bad influence at Max, and I tried to outweigh this negativity with something positive: Max likes my car (it's 2022) and he enjoyed to playing in it, I turned Max's favorite songs and was talking on positive topics with Max, we've been practicing English and discussing school and friends.  
Unfortunately Hanna was very aggressive, and was intervening every day, not giving us with Max single day to stay together. She was talking negative things and creating fights and conflicts in front of Max both in the car, in the school, on the way to school and back, on the extra lessons.  
In contrast, I always trusted Hanna her time with Max, and didn't intervene when she took Max to extra lessons or to school - until she stated that she is determined to divorce, abandon Green Card and leave country, abducting Max. After that moment I was much more cautious regarding what Hanna is doing and where she goes with Max.
25. P.10 Hanna signed remove tenant agreement by her own. She was not forced by anyone - though, I initiated email conversation to help Hanna to confirm her intent, because intent was significant and I was tired of stopping her from doing stupid things.
26. P.11 We had discussions regarding whether to include Max in a new Hanna's lease and I suggested her to not include Max to get better deal, because casitas that we've been seeing usually had restriction for number of tenants, and it makes sense to start small and change things later on. As I mentioned to Hanna, she probably can add Max later and that shouldn't be an issue if she really wants it - but for the beginning simple fact that Hanna has some place to live and it matches her income and budget is more important. I am not very rich - and support that I will provide to Hanna is anyways limited by my current salary (that I will disclose if necessary, and it will be included in forms, attached to divorce case). I also need to provide for Max and granny - and Max already has a new place to live and proof of residence, so Hanna doesn't need to worry about this formality.

After discussing this Hanna became mad, started conflict and insisted on need to have Max on her lease to take Max from me legally. To which I answered that it is much more important at this moment to care about Max's life, safety and happiness, and provide Max with a decent place to live and a new living schedule than to divide our son like a property. Hanna became even more angry.

27. P.12 Hanna rejected doing finances together back in 2015, when I first time tried to introduce her to idea of family budget, utilities and income/expense. Hanna started fight and drama, and I took burden of family finances on me, because didn't want to upset her - because we just started living as family. I will disclose my financial statements as required, but this also means that Hanna's expectations should be more reasonable, because I was giving everything to my family, and was giving Hanna advices regarding choosing new property knowing numbers. I believe it is better to spend extra money on Max, than to rent super-expensive big apartments that Hanna will be unable to pay even with my support. Money should serve people, in our case the main man in our family is Max (and he already got enough challenges this year, taking money from Max is not fair).
28. P.13 Yes, I had conversation with Hanna's father, who is interested person in our case, and who stated clearly to me that Hanna will abduct my son, take him out of the United States, bring Max to Ukraine and he (Hanna's father) will grow Max in isolation under sounds of sirens and bombings away from me, risking Max's life every day, just to hurt me. After that we discussed Hanna's plan and since she confirmed my worst concerns, I asked her to find new apartments as quickly as possible. The most reasonable timing was end of the week to leave two or three weeks until our already signed move out date (10/11)
29. P.14 Yes, Hanna has some psychological (or maybe mental) issues. But I tried to keep them private all the time. Yes, Max heard how we discussed Hanna's progress with psychologist, and I said that everything will be fine and Hanna will NOT go to doctors. Hanna is stating opposite to accuse me in things that I wouldn't say our son. Despite all madness that Hanna already did and said, I know that this case and confrontation will end, and after years, Max will live with memories of this time - memories based on facts from life that he lived because of his dad and mom. And how badly we may hate each other at this moment, we should stop immediately, and think about Max's future, safety and health. We should care about Max together - and his future is the main importance in this case.
30. I am asking to release previous restraining order and requesting a restraining order against Hanna protecting both me and Maksym. I am requesting full legal and physical custody of Maskym and Hanna to be ordered to immediately vacate the property.

Yesterday's trial lesson was exciting for my kid, thank you very much Beth!

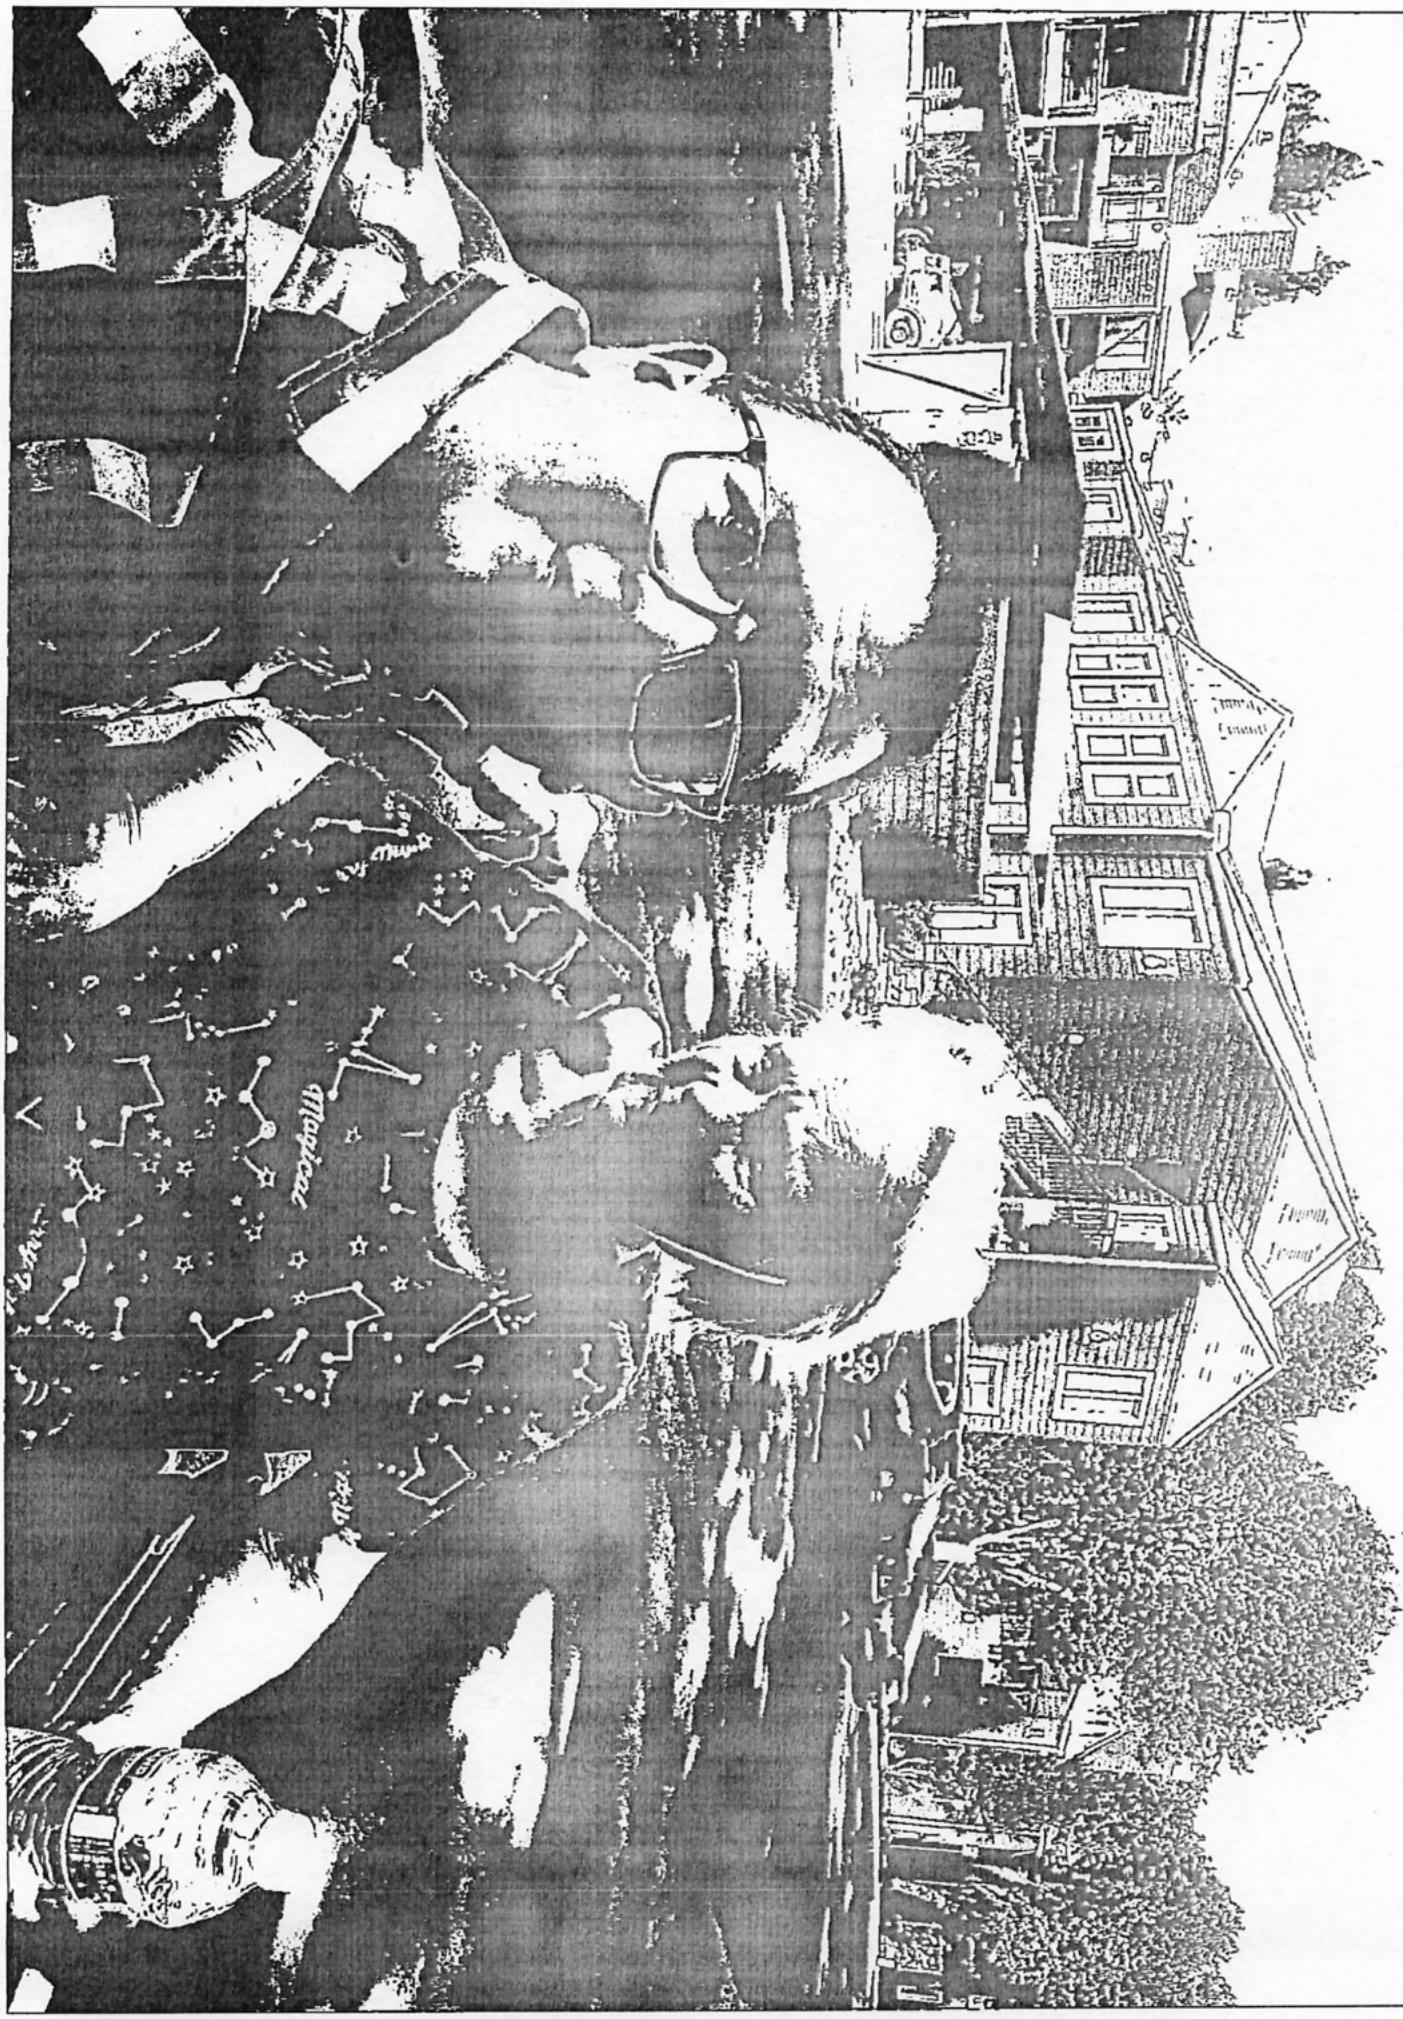

Just a quick question before we sign up - which payment methods do you accept?

I've received a paper enrollment form yesterday that contains fields for credit card information - but as a software engineer I feel extremely uncomfortable about putting credit card information on a piece of paper, since papers tend to be lost or taken by strangers (simply saying - insecure). I hope you have more reliable alternatives.

Do you have an online form for enrollment, or do you accept cash?

Thank you.

**Other Instructions****Discharge Instructions**

Hospital Discharge Instructions from your doctors:

Dear Nadia Niekhliebaeva,

1) During this hospitalization, you were diagnosed with Delirium. This is a condition in which you can get confused from being in a new place or new situation.

2) Here is a brief summary of your hospitalization:

After coming in with concern for seizures, we felt that delirium was the most likely cause. Typically there are 3 main causes for these types of falls and seizures. Cardiac, dehydration and neurological. Our cardiology team saw you and provided recommendations stating that while you did have some cardiac nodal disease this was likely not the reason for these episodes. You were given fluids during this admission which did not correct the problem. And while we did not find a change in your brain that would explain these episodes, the delirium would not be shown through any structural change. You had episodes of the shaking while you were here and were given Ativan, which is the treatment for seizures, however continuing this medication may make you more confused. You were also given Zyprexa during this admission to help calm you down as well. You were also seen by our ophthalmologists for your history of glaucoma and they recommended latanoprost and following up in their outpatient clinic.

3) Key medication changes include:

Latanoprost, Metoprolol Succinate 25 mg, Melatonin and Lisinopril 5mg.

Please see the included medication list on the previous pages for more details.

4) Follow up:

It is important that you follow up with a doctor's visit in the clinic after this hospitalization.

It looks like you do not have a Primary Care Physician (PCP). We will try to schedule a follow up appointment in our post-discharge clinic, which is located at our Urgent Care Clinic. The appointment should be listed below. Please call Valley Connections 888-334-1000 to connect to the Urgent Care Clinic to reschedule your appointment or for any non-emergent questions.

After discharge it is important that you:

Follow up with PCP, Ophthalmology, Cardiology.

If you need to be seen for a non-emergency medical issue and your primary care physician is not available, consider going to any of our urgent/express care locations. Information regarding Urgent/Express Care can be found at <https://www.sccmc.org/health-care-services/Urgent-Express-Care/Pages/Overview.aspx>

For any medical emergency, please call 911.

Thank you for choosing Santa Clara Health and Hospital System. It has been a pleasure taking care of you. We hope you had excellent care.

ACKNOWLEDGMENT OF RESIDENT(S) NOTICE OF INTENT TO VACATE  
AND NOTICE OF OPTION FOR INITIAL INSPECTION

To Resident(s): Kostiantyn Mars

(All residents in possession and all others in possession)

of premises located at 970 CORTE MADERA AVE, Sunnyvale, CA 94085, Unit #716.

1. By signing below, Landlord acknowledges and accepts receipt of your Notice of Intent to vacate the above unit, effective September 9, 2022 (date). Landlord/Agent has reasonably relied on the date to vacate as set forth in the Notice of Intent to vacate, thereby making the notice irrevocable.
2. Your tenancy will be terminated as of October 11, 2022 (Month/Day/Year).
3. Please note that you cannot use the security deposit as last month's rent. Resident is responsible for payment of monthly charges through the termination of tenancy (i.e., through and including the last day of the Notice period).
4. Monthly charges must still be paid in advance on the normal rental date, prorated to the end of the tenancy as follows:

Monthly charges for the following month(s):		Monthly charges for the following month(s):	
From: <u>October 1, 2022</u>	To: <u>October 10, 2022</u>	From: <u>October 11, 2022</u>	To: <u>October 11, 2022</u>
Total Charges: <u>\$836.45</u>		Total Charges: <u>\$92.00</u>	

5. You have the right to request an initial inspection of your unit and to be present during that inspection, which shall occur no earlier than 2 weeks before the termination of the tenancy and during normal business hours. This inspection may be done in your absence with your consent. Alternatively, the Landlord may schedule an inspection of your unit within 2 weeks of your move-out date. You are free to change the date and/or time of this inspection. At this initial inspection, the Landlord/Agent's will provide an itemized statement specifying repairs, items to be replaced or cleaning that are proposed to be the basis for the deductions from the security deposit. This purpose of this inspection is to allow you the opportunity to correct any deficiencies in the unit in order to avoid deductions from the security deposit. You may not make any repairs to the residential unit that are prohibited by the rental agreement or lease. The itemized statement will not be the final accounting of deductions from the security deposit.
6. No later than three weeks (21 days) after Landlord/Agent has regained possession of the premises, Landlord shall provide Resident with an itemized statement, indicating the basis for, and the amount of, any security received and the disposition of the security and shall return any remaining portion of such security deposit to the Resident.
7. California law provides that Landlord/Agent may exhibit the premises to prospective residents provided that you are given reasonable notice of Landlord/Agent's intent to enter with entrance during normal business hours. (Twenty-four (24) hours written notice is presumed to be reasonable, if the notice is personally delivered to you or someone in the unit or left on or near the front door.)
8. California law further permits former tenants to reclaim abandoned personal property left at the former address of the tenant, subject to certain conditions. You may or may not be able to reclaim property without incurring additional costs, depending on the cost of storing the property and the length of time before it is reclaimed. In general, these costs will be lower the sooner you contact your former landlord after being notified that property belonging to you was left behind after you moved out.

**Abuse Category:** Physical Abuse and General Neglect.

**II. Other Problems:**

A search of CWS/CMS reveals no prior investigated referrals for this family.

**III. Findings:**

This social worker investigated an Immediate Response (IR) referral with allegation of Physical Abuse to the child, Maksym Mars (age 7) by the mother, and allegation of General Neglect to Maksym by the father. This is a non-intact family of Eastern-European heritage (Ukraine). The child and the mother's primary language is Russian/Ukrainian. The father is bilingual in English/Russian. Family court is currently involved due to custody issues. The mother has temporary full custody of the child, and the father has professionally supervised visitation. The mother signed the primary language form and the family was provided a Your Rights brochure and Information for Families pamphlet. The mother provided verbal and written consent for this social worker to interview the child.

In addition to the concerns in the Screener's Narrative, this social worker briefly assessed for and found no evidence of the following risk factors: Sexual Abuse, Emotional Abuse, Mental Health, Caretaker Absence/Incapacity, and Substance-Use.

**Telephone Contact with the Father, Kostiantyn Mars:**

On 12/12/22, SW made telephone contact with the father, Kostiantyn Mars. SW introduced the role and purpose of contact. The allegations and concerns were reviewed with the father. The father disclosed 2 days ago on 12/10/22; he saw a "reddish bruise" the size of 2-3 quarters on the back of the child's left thigh during a professionally supervised visit with the child at his home. The father disclosed he saw the bruise when the child was using the bathroom. The father stated he took a picture of the bruise, but was not allowed to ask the child what caused the bruise, or if the child felt safe with the mother. The father stated he suspects the bruise was caused by physical abuse to the child by the mother.

The father stated he thinks the mother caused the bruise by punishing the child. The father stated he has these thoughts because towards the end of July 2022, he saw the mother slap the child on the face, and reported the child was trying to punch the mother. The father reported in June 2022, he saw the mother try to pull the child by the hands to get him to physically go with her, and the child was crying and resistant. The father stated the mother is "very emotional" and has had a psychologist since at least 2020. The father stated the mother might have a "mental disorder." The father stated the mother has said she wants to take the child to Ukraine, which concerns him due to the Ukraine war and leads him to believe the mother is threatening to kill the child.

The father stated he has professionally supervised visitation three times a week with the child, on Tuesdays and Thursdays from 3:30pm - 5:30pm, and on Saturdays, from 3:00pm to 5:00pm. The father stated the visits are supervised by the agency, Caring Supervised Visits and Exchange Services. The father stated he has been in a relationship with the mother for approximately 7.5 years. The father reported the mother filed a temporary

Referral Date:	12/12/2022

restraining order against him because she alleged domestic violence by him, and alleged that he prohibited her from getting a green card. The father described the mother's allegations as "lies." The father stated the family is due back in court in January 2023 to finalize the divorce and custody agreement. The father denied any concerns related to sexual abuse or substance abuse, and reported he disciplines the child by talking to him. The father provided his email address, [constantine.mars@gmail.com](mailto:constantine.mars@gmail.com). The father texted this SW a photograph he took of the bruise on 12/10/22 [photograph in file].

**Interview of the Mother, Hanna Mars:**

On 12/12/22, SW interviewed the mother, Hanna Mars, during an unannounced home visit to the address provided in the referral. Upon arrival, the mother invited SW inside the home. The home was clean and organized, with functioning utilities, and no visible safety hazards. The mother reported she can understand some English, but stated her primary language is Ukrainian and Russian. The mother agreed to speak with this SW using a telephone Russian language interpreter [Voiance, Max #063059]. The allegations and concerns were reviewed with the mother. The mother stated she feels the father is reporting these allegations because she filed a restraining order against him and he currently has supervised visitation with the child. SW informed the mother that the reporting party is confidential by law, and she understood.

Regarding the alleged red bruise that was observed to the back of the child's left thigh, the mother confirmed the child does have a bruise in that area but denied that it was due to physical abuse. The mother stated on 12/8/22, she and the child were playing Minecraft together in the living room. The mother stated her laptop computer was sitting on the coffee table, and she was in the process of charging it. The mother stated the laptop charging cord extended between the coffee table and the wall outlet. The mother stated the child tried to physically jump through the area between the sofa and the coffee table, but accidentally hit the laptop charging cord when he jumped, which caused him to hit the back of his left thigh on the corner of the coffee table. The mother described the incident as accidental.

Regarding additional allegations, the mother denied that she slapped the child on the face in July 2022. The mother also denied pulling the child by the hands towards her in June 2022. The mother stated the father has slapped the child on the hands in August 2022 when the child said he did not want to go to school. The mother stated the father has also held and pulled the child by the arm when he was resistant in going to school. The mother stated she does not believe the child was injured due to the father's actions.

Further, the mother denied that she is planning to take the child to Ukraine. The mother stated that most of her family is in Ukraine, but there is a war going on in that country and she has no plans to take the child there. However, the mother stated that even though she has told the father she has no plans to bring the child to Ukraine, he continues to accuse her that she will do so. A global assessment was completed. The mother denied that she or the father have any diagnosed mental health concerns. The mother stated she has a Ukrainian-speaking psychologist whom she talks to weekly. The mother stated the child does not have therapy and reported she does not think he needs one at this time. The mother stated she disciplines the child by taking his phone away. The mother stated the child has never witnessed any physical domestic violence between herself and the father. The mother stated the father would control her financially, and control her using the green card. The mother denied any other safety concerns at this time.

The mother removed the child's pants, and SW observed a red bruise to the back of his left thigh. SW took a photograph of the bruise with the mother's consent [photograph in file]. When asked what happened to cause the bruise, the child stated, "I tripped on the cord, it hurt." The mother and child then led this SW to the living room to show the location of where the incident occurred. ### **Telephone Contact with Professional Provider, Dylan Smith:**

Mr. Smith stated he was the worker who professionally supervised the father's child custody visit on 12/10/22. ### **IV. Family Strengths:**

The home environment was clean and free of safety hazards. The child's basic needs are being met. Both parents were cooperative.

### **V. Risk to the Children:**

### **VI. Conclusion:**

**The allegation of Physical Abuse to the Child, Maksym Mars (age 7) by the mother is Unfounded.** The allegation of General Neglect to Maksym by the father is also Unfounded. thigh. Maksym disclosed he sustained the injury by accidentally tripping on a laptop cord and falling on the corner of the coffee table. When interviewed, the mother denied the allegations and confirmed Maksym had accidentally injured himself when tripping over a laptop cord on 12/8/22, and falling against the corner of the coffee table. When interviewed, the father expressed concerns the mother may have caused Maksym's bruise, but there is no evidence to support the father's concerns at this time. Further, the mother denied that she is planning to take the child to Ukraine. The mother stated that most of her family is in Ukraine, but there is a war going on in that country and she has no plans to take the child there. However, the mother stated that even though she has told the father she has no plans to bring the child to Ukraine, he continues to accuse her that she will do so. A global assessment was completed. The mother denied that she or the father have any diagnosed mental health concerns. The mother stated she has a Ukrainian-speaking psychologist whom she talks to weekly. The mother stated the child does not have therapy and reported she does not think he needs one at this time. The mother stated she disciplines the child by taking his phone away. The mother stated the child has never witnessed

any physical domestic violence between herself and the father. The mother stated the father would control her financially, and control her using the green card. The mother denied any other safety concerns at this time.

## Telephone Contact with the Father, Kostiantyn Mars:

On 12/12/22, SW made telephone contact with the father, Kostiantyn Mars. SW introduced the role and purpose of contact. The allegations and concerns were reviewed with the father. The father disclosed 2 days ago on 12/10/22; he saw a "reddish bruise" the size of 2-3 quarters on the back of the child's left thigh during a professionally supervised visit with the child at his home. The father disclosed he saw the bruise when the child was using the bathroom. The father stated he took a picture of the bruise, but was not allowed to ask the child what caused the bruise, or if the child felt safe with the mother. The father stated he suspects the bruise was caused by physical abuse to the child by the mother.

The father stated he thinks the mother caused the bruise by punishing the child. The father stated he has these thoughts because towards the end of July 2022, he saw the mother slap the child on the face, and reported the child was trying to punch the mother. The father reported in June 2022, he saw the mother try to pull the child by the hands to get him to physically go with her, and the child was crying and resistant. The father stated the mother is "very emotional" and has had a psychologist since at least 2020. The father stated the mother might have a "mental disorder." The father stated the mother has said she wants to take the child to Ukraine, which concerns him due to the Ukraine war and leads him to believe the mother is threatening to kill the child.

The father stated he has professionally supervised visitation three times a week with the child, on Tuesdays and Thursdays from 3:30pm - 5:30pm, and on Saturdays, from 3:00pm to 5:00pm. The father stated the visits are supervised by the agency, Caring Supervised Visits and Exchange Services. The father stated he has been in a relationship with the mother for approximately 7.5 years. The father reported the mother filed a temporary restraining order against him because she alleged domestic violence by him, and alleged that he prohibited her from getting a green card. The father described the mother's allegations as "lies." The father stated the family is due back in court in January 2023 to finalize the divorce and custody agreement. The father denied any concerns related to sexual abuse or substance abuse, and reported he disciplines the child by talking to him. The father provided his email address, constantine.mars@gmail.com. The father texted this SW a photograph of the bruise that he took on 12/10/22 [photograph in file].

She was concerned because Konstantin had shown up to the house yesterday and dropped off a present for her son Max that contained an inappropriate letter. She was scared when Konstantin showed up again today wanting to see Max again, which he said was because he had fears of Hanna taking him to Ukraine. After reviewing paperwork from both parties, it was unclear if there was a court order violation as the case is ongoing and the last custody order was apparently in January. Hanna agreed to contact her attorney and will provide me with the required documents verifying there is an actual court order violation and at that time may submit for a warrant request. I spoke to Konstantin and warned him not to return to the address which he acknowledged and understood. I told him should he have a true emergency he may contact police for a welfare check. I clarified that suspicion of Hanna fleeing to a foreign country was not a valid reason for contact. Konstantin made strange

comments about his case and made comments about a "bribed Judge". I advised Kontantin to leave the area and settle his matters in court. Kontantin is allowed supervised visits with the children and his next visit is scheduled on NOV 30th.

**Family Composition/Composition of the Home:** According to the RP, this is a non-intact, Ukrainian and English and Russian speaking family. The family consists of the mother, Heather Jensen, the father, Kostiantyn Mars, and their child, Maksym (age 8). The child resides with the mother at the common address.

According to the RP, the parents have been going through a divorce since 09/19/2022, and the mother has had temporary full custody of the child since 09/15/2022; further, it was reported that the mother has a restraining order against the father and the father has a restraining order against the mother since 11/29/23 or 11/30/23.

When asked, the RP denied knowledge of information to indicate military service for the parents.

When asked, the RP denied knowledge of information of Native American ancestry for the family.

**Referring Party Details of Concern:** There is concern for the child, Maksym, as on 11/23/23, the father went to visit the child unannounced at the mother's home, which resulted in the mother pulling the child by the right arm above the elbow to go back in the house, which places the child's health and safety at risk.

It was reported that the child was able to get out of the grip of the mother by pulling himself away; further, the mother and father had a verbal argument about the father not being able to see the child due to court orders. It was reported that the father left the home after the mother "slammed" the door in front of the father.

Further, as on 11/24/23, the father returned to the mother's house to check on the child. It was reported that the mother told the father he had to leave, which lead to mother and father calling law enforcement on each other and the mother and father filing a restraining order on each other, which was granted on either 11/28/23 or 11/29/23. The Sunnyvale Police Department Case #EV233280052.

When asked, the RP stated that the father went to the home on 11/23/23 because of a past incident that occurred in December 2022 about the child receiving bruises from the mother (Referral ID #0997-4411-9487-4148022). It was reported that due to the incident dated in December 2022, the father wanted to conduct a wellness check. Further, it

Referral Number:	1714-9818-4997-9153935
Referral Date	12/04/2023

was reported that the father called law enforcement to conduct a wellness check before arriving to the home; however, the father was unsure what the outcome of the call was.

According to the RP, the father will have contact with the child during Christmas or the beginning of January. It was reported that the mother is trying to get the child's passport so that the mother and child can go back to Ukraine.

**Protective Factors:** There were no reported protective factors at this time.

**Date of most recent referral allegation and Conclusion:** 12/12/2022 - General Neglect and Physical Abuse - Unfounded

**Decision and Rationale:** Refer to Emergency Response for a 10-day follow up to assess the risk and safety of the child, Maksym, due to alleged physical abuse on the mother and alleged emotional abuse on the parents (i.e.,

Referral Number:	1714-9818-4997-9153935

caregiver action that likely caused or will cause injury and caregiver actions have led or are likely to lead to child's severe anxiety, depression, withdrawal, or aggressive behavior toward self or others), and due to the young age of the child (8), which places the child at increasing risk. This will be cross-reported to the Sunnyvale Police Department and District Attorney's Office.

**Abuse Category:** Physical Abuse and Emotional Abuse

**Worker Name and Number:** Christina Winn, CN25

Addendum:

The SDM was marked physical abuse category, and checked for caregiver action that likely caused or will cause injury (other than very minor unless child is under 1 year old). It was also marked for emotional abuse, but does not meet the definition. However, there was no injury to the child. The RP is the father again, Last year he made a report in December (they had court scheduled for that following January) and child denied his allegations at that time. A corrected SDM results in a non-response. Per consult with WOOC ER SSPMII this referral will be evaluated out.

Cc: Mary Rolison &lt;drmaryrolison@gmail.com&gt;, Anna Mars &lt;annamars2017@gmail.com&gt;

To clarify: the post-emergency screening hearing will be necessary. Mr. Mars is confusing my request for Dr. Rolison's testimony at the post-emergency screening hearing with the ex parte hearing that he set. I am still awaiting another witnesses availability in order to get back to Dr. Rolison and the court as to dates.

A continuation of the ex parte hearing that Mr. Mars set for Friday, April 21st must be continued as (1) my office was not timely served, and (2) Ms. Mars has surgery on Thursday and cannot appear. I have several times provided Mr. Mars with dates on which I am not available.

Due to the increase in Mr. Mars' delusional behavior and the fact that the February 9, 2023 stipulation still contains inaccuracies that were rectified and agreed upon by counsel prior to Mr. Mars' former attorney's withdrawal, the post-emergency screening hearing will be necessary. Mr. Mars was never presented with a stipulation that allowed unfettered travel with the minor child and that provision remained the same throughout the modification of the stipulation. Again, this is part of Mr. Mars' delusional disorder. Mr. Mars submitted a fraudulent copy of Dr. Rolison's recommendation to the court with his ex parte motion. Ms. Mars has not yet moved to another less expensive apartment in the same area in which she currently resides and it is Mr. Mars who will not provide his residential address. Mr. Mars is not visiting the minor child because his chosen professional visitation supervisor refused to work any longer with Mr. Mars due to his failure to follow rules and Mr. Mars has failed to obtain a new professional supervisor. Mr. Mars does not have a court order to communicate with the minor child outside of supervised visits, but nonetheless sent highly inappropriate text messages to the minor.

In summary, the April 21, 2023 hearing must be continued and we will be scheduling a post-emergency screening hearing at which Dr. Rolison will testify.

## Kostiantyn Mars Supervised Visits

Dear Ms. Ruiz,

I reviewed the note you sent to the court. I know that you are new to this case and I have no idea what Mr. Mars has stated to you. However, I am writing to verify that indeed the emergency screening recommendations of Dr. Rolison do recommend a mental health evaluation of Mr. Mars by a qualified psychiatrist. Mr. Mars has delusions regarding his wife's kidnapping and killing of Maksym in the Ukraine and in the past has continually discussed these delusions with Maksym during supervised visits which is why, in part, the former supervisor terminated visits with Mr. Mars. Mr. Mars compulsively discusses this kidnapping with Maksym, has inappropriately told him his grandparents will kidnap him, and has told Maksym that he will be killed in the Ukraine. This is why Ms. Mars was very concerned about your policy if this behavior continued during Mr. Mars visits with you supervising. It appears that Mr. Mars cannot regulate his behavior and has also spent Maksym's other comments to his father about his marriage and having other children. All of this is well documented in the prior supervised visitation reports.

I can also assure you that Maksym heard over and over again about the "termination" of the visit when the former supervisor would tell Mr. Mars that the visit was terminated or terminating early due to his behavior. Ms. Mars does not use that term and her English is limited.

Ms. Mars has also informed me that either her English was not good enough for you to understand, or you did not hear her, but she said at the last visit that Maksym had a stomach ache the night before and that was why he could not have a coke at that visit.

I would be happy to share any number of the past visitation reports showing the reason why Ms. Mars is concerned and why Maksym resorts to telling his father that he may not "talk about his mother." I am sure in time that you will see for yourself.

**PROFESSIONAL SUPERVISED VISITATION REPORT**  
**MAY 4, 2022**

Case Number: 22FL003144

Provider: LORRAINE RUIZ, PROFESSIONAL SUPERVISED VISITATION/EXCHANGE

Custodial Party (MOM): HANNA MARS

Non-Custodial Party (DAD): KOSTIANTYN MARS

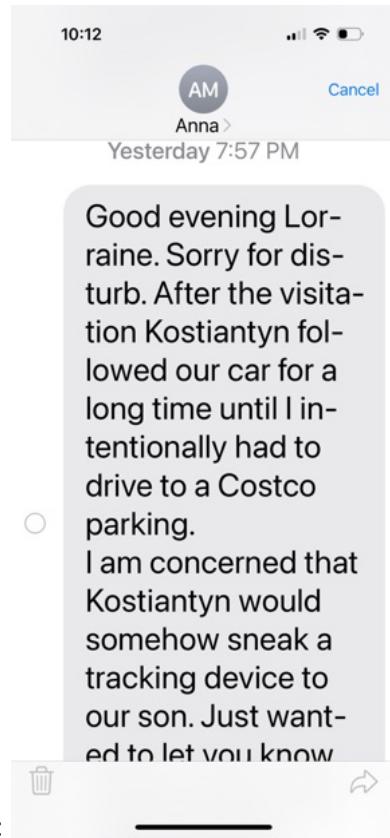

Judge: HONORABLE ANDREA E. FLINT

Lorraine Ruiz Provider Professional Supervised Visitation: The public policy of the State of California is to protect the best interests of children whose parents have a custody or visitation matter within family courts. Professional supervised visitation can be difficult and uncomfortable at times. Often times there are hurt and angry feelings toward the other parent, and it seems impossible to have a positive attitude about professional supervised visitation. In compliance with Family Code 3200.5 , both Parties participated in an Intake/Orientation with Lorraine Ruiz, provider of Lorraine Ruiz Professional Supervised Visitation/Exchange. Parties were informed of the terms and conditions of supervised visitation prior to signing a written contract. In compliance with STIPULATION AND ORDER dated 1/25/2023, NCP(DAD) shall have professionally supervised visitation with the minor child up to three times per week for two hours each. TEMPORARY ORDERS Ex Parte scheduled 4/21/20223 rescheduled to 5/10/2023. During Intake/Orientation, Mom mentioned several times that she is learning English. Mother, Father and child are all limited English Learners. During Mom's Intake Mom told me that the previous Supervisors wrote a report and canceled Dad's visitations due to Dad's outbursts. Mom asked me "what happen if Dad say things about me?" Supervisor: "If Dad violates the Court Order, I will terminate the Visitation." As a Master teacher of English Language Development for Santa Clara County, I find it highly unusual that a child in First Grade would use the expression "We terminate Visitation."

**Safety Concerns:** During the initial Intake and Orientation, both parents shared their safety concerns, per contract and Rules of Court, both parties were advised of maintenance and disclosure of records, including confidentiality policies.

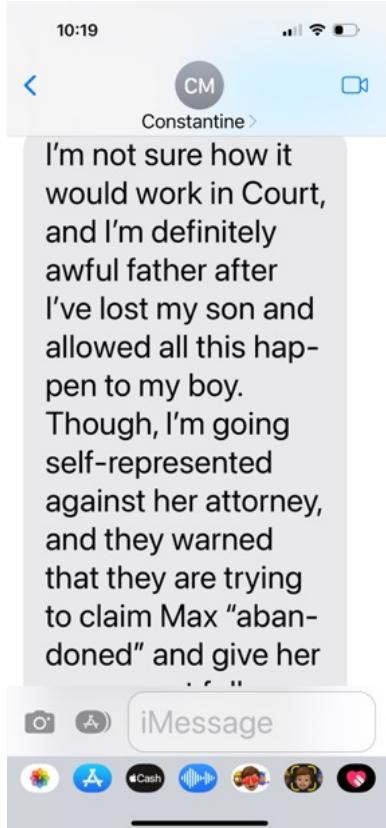

**CONCERNS MOM-CP:** Mom said Dr. Rollins said Dad has a mental illness. Mom shared with Supervisor: "Dad said to Max: "First remember Mom abuse you go to teacher tell teacher to file Restraining Order against Mom. "Your Mom don't want to see you" Your Mom want to go to Ukraine to kill you."

**TEXT MOM: 7:57PM 5/3/2023**

**CONCERNS DAD-NCP:** Dad is concerned that Mom wants to take Max away from Dad.

Once Dad leaves, Supervisor will call Mom and walk with child to Maywood Park Parking Lot. Mom will pick up child no later than 4:45pm.

Dear Mr. Romero,

I have spoken to Ms. Mars as to any counter-offer she would like to make as to settlement of the restraining order and custody issues. Ms. Mars' counter is based upon her fear of your client and her fear for Maksym in his father's care. She would definitely be most comfortable taking the issue to trial; however, in the spirit of settlement while still feeling that she and Maksym are protected to some degree she offers the following:

1. A DVRO shall remain in place against your client for one year from the date of any agreement at which time if there have been no violations, it will become a peaceful contact order only, such as the one you drafted.

2. Your client will be required to take a 16 week parenting without anger class and a 16 week co-parenting class.

3. Your client's visitation will remain supervised until he has finished the classes above and files a motion with the court seeking modification of the order. Sole legal and physical custody will remain with Ms. Mars until further order of the court (see below). Your client will agree to a FC section 3044 finding.

4. OR, if your client does not wish to agree to 3 above, 3 will be replaced with the requirement of supervised visitation until after completion of the emergency screening and then both parties either agreeing to the recommendation, or if not, having the court hear the issue after the recommendation." *blocked by Respondent*

As it took me longer than expected to discuss these issues with Ms. Mars and the screening is commencing this afternoon, please respond as soon as possible.

NCP went to get more friends. More of Max's friends came and they continued walking around the playground and playing. The kids spun around on one of the machines and the fathers sat around near the table.

NCP set up the piñata. Four of Max's friends lined up at 2:25pm to hit the Piñata. NCP asked Supervisor if he could take pictures. Supervisor did. The kids took turns and hit the piñata. Once a candy fell out one of Max's friend let Max hit it. Max took out all the candy by hitting the piñata. Some of the parents nearby who were not associated with NCP told their kids to not get candy. NCP said it was okay to let the kids enjoy themselves and grab candy. More kids joined in and got candy. Max and his friends joined NCP at the table. NCP said he was going to set up the cake and

if they could go play in the meantime. NCP took pictures of them playing together. Supervisor offered to take a picture of everyone together. Supervisor gave the four kids a Minecraft sword each and they played around the jungle gym hitting each other and running around. NCP had Max look at the cake and Max read that it said Happy Seventh birthday Max. Max commented that not many cakes say his name. NCP laughed and said he knows and he had it made for him. NCP said to play around as he set up the cake. They played until 2:48pm when another one of the dads called the kids over for cake. They sang happy birthday to Max and Max blew his candles and thank you. NCP took pictures of them throughout. NCP cut the cake and gave a piece to the kids and parents. The kids ate cake and drank water or coke.

Max finished and continued playing around. NCP followed the kids around with soccer ball and they chased each other kicking the ball. NCP helped some of the kids shoot the bow and arrow. Max and the other kids chased each other. Max notified NCP he needed to use the bathroom at 3:16pm. Mac jumped from one of the structures then ran to the bathroom. Supervisor went with NCP and Max. NCP assisted Max with peeing and helped clean him up. NCP said he felt bad he forgot one of the kids cant have sugar and he forgot to bring something for him. Supervisor said that normal and specially since everyone has some type of food allergies.

Max got out and ran to play musical instrument. They hit the drum pieces together. Max threw one at NCP and NCP said that hurts. NCP said that was not how to play and showed him how to do it on the instruments. They stopped playing after a bit and Max ran back up the hill and to the table. Max took more sips of his drink and played with the other kids. NCP began cleaning up the park. NCP offered anyone cake or candy. Some of the parents began departing and had them say goodbye to NCP and Max. The kids took pictures together. Max and another one of the kids played roughly with one another and the swords. NCP told them both to be careful. They played with another child. They ran around the structure. The other child was younger so he continued to hit Max hard. Max told him to stop but the other child continued. Supervisor went over and said for the other child to please stop and he smiled as he stopped hitting Max. Max asked who he was and why was he hitting him so hard. Supervisor explained to Max that kids at that age they don't really know how hard they are swinging and that this is only pretend. Supervisor said he is sure the other child did not mean to hurt him. The child smiled and continued to chase Max. Max screamed. Eventually more friends left and they did a group hug. The parents talked about how sweet that was and how they were best friends. NCP thanked the parents for coming as he continued to clean up. More of the parents left. Max asked NCP to push him in the swings. NCP did for a few rounds.

Supervisor notified NCP that it was almost time to go. Max said that he did not want to go and began running around. NCP said that was not polite and our friend was nice to come and we have to be respectful of his time. Max continued to run around. NCP chased him and Max played with NCP as he chased him. NCP hugged him and kissed him. They walked back to the table. NCP asked Supervisor if he could help Max with the birthday presents and cake. Supervisor said yes but he may need to take two trips. Supervisor helped Max pack up the belongings and carried it. Max continued to say he did not want to go and continued to run around. NCP chased after him. NCP said that they really had to go. Max said no and laughed as he continued to run around. NCP said they really had to get going and they had to be respectful of their friends time. NCP kissed Max once more and gave him another hug. Supervisor walked Max back to CP. Supervisor helped put all the belongings with CP. CP thanked Supervisor.

Shortly after the visit, Supervisor lost his keys and contacted NCP to see if he left it behind at the bench. NCP nor Supervisor were able to find it there. Supervisor called CP and asked if he could look at the car and perhaps it was in the belongings as he dropped off the presents. CP said she can turn around. Supervisor walked back over to CP and they met again as NCP continued to clean up the park. Supervisor checked and did not find it. Supervisor apologized. CP said to please let her know if he finds it and she will help him look. Supervisor thanked CP and she left once again. Supervisor went back and NCP asked for some of the parents to see if they found a found. The parents asked their kids and no one had it. NCP searched the grass area and found it. Supervisor thanked NCP and confirmed visit details for tomorrow. Visit ended.

Supervisor arrived at 4:55pm for his 5:00pm visit. It took Supervisor and CP a while to meet as they were confused as to where they were. Eventually Supervisor met with CP after CP shared her location. CP said they can meet on the same spot after. Supervisor crossed the road with Max as Max said it was his birthday tomorrow.

At 5:08pm, NCP greeted Max and said hi there's Max with a smile on his face. NCP crouched down and hugged Max. Max said dad I did bring my Roblox card. Max said he just needed paper. NCP asked how Max's day was. NCP then gave Max a handkerchief for him to keep and wipe his nose. Max said no it wasn't mine to keep. NCP said no it was for him now. Max said his mom had his. NCP said question, is your mom you or you , you. Max then put it into his pocket as NCP said mom is your mom and you are you. NCP then walked down the road and pointed out the library to Max. Max then spoke about how him and CP were fighting the ants which came in the house. NCP said he can use the ant poison that he put underneath the sink. Max said no he didn't want to touch it. NCP said your mom can. Max said stop, please stop. NCP giggled and said what you saying stop as if I'm saying something bad. Max finished up his homework. NCP said now they can go find a restroom. Max said he wanted to play. NCP handed a small action figure of buzz light year. Max said ah I don't like buzz light year and Toy Story. NCP giggled and said that was just close to the other guys. NCP took out the invitations for Max to decide which one he wanted to use. Max selected the batch he wanted to use. NCP gave the pen to Max to write on it. Max wrote out his friends names he wanted to invite. NCP helped Max fill out the invitation with the time and location. Max said his birthday wasn't on thanksgiving it was tomorrow. NCP said he knew but they had to do it this way with the rules and said that they very much restrained not that he set it up like this. NCP said that they had two different parties since CP kicked him out the house. Max said why. NCP said he didn't know why, ask your mom. NCP said he didn't even know if CP was setting a party up. Max said stop can we please stop talking about this as he sighed and continued to write out the invites. NCP asked Max did mom tell you that we had to live separately. NCP added to say was it me or her that decided that. Max said don't make me angry. NCP said I know it's a hard topic for me and for you. Max said stop as NCP said okay I'll stop. NCP then said I see you need to go pee so I'll look for a restroom. Max said I don't want to pee, I want to play. NCP said okay so you don't want to pee. Sounds good. NCP then said he'll show Max what to write to his friend. NCP said 'but you mustn't say'. NCP typed it out on his phone and showed Max. Max wrote it out and added a heart. Max showed Supervisor and said happy thanksgiving to him on his card that he wrote. After finishing up, Max took out his phone to play on it.

At 6:09pm, NCP said let's go take a walk and then go pee. Before leaving, NCP told Max he left buzz light year on the table. Max said he didn't want it. NCP crouched down and said tell me why. Max said you didn't even ask me if I wanted it or not. NCP giggled and said that's not very respectful. NCP said it was okay and walked hand in hand with Max to find a restroom. Supervisor arrived with CP at 1:57pm to their parking lot. Supervisor said hello and complimented Max for being ready for the sun by having his shades on. Max smiled. Supervisor went to get his hat since they were hiking. CP gave Supervisor Max’s backpack and CP said goodbye and tried to confirm pick up destination. Supervisor and Max walked around and they talked about the parking lot. Max and Supervisor talked about Thanksgiving and what Max ate. Max asked for help putting on his sweater because it had double zipper. Max showed Supervisor how the sweater went all the way up and it was a Minecraft. Supervisor said that was really cool. They walked around and saw NCP coming in. Max told Supervisor there were no turkeys here for them to chase at this park. NCP arrived with the bow and arrows. NCP asked for a hug and Max said he did not want to. NCP asked why and Max turned around. Max said his playground way was closed. NCP said we can find it this way. They walked together to the playground.

They began putting together the turkey and bow and arrow. NCP joked that they had a target which was the goose. Max pretended to shoot at them and NCP said he was joking and they were to shoot at the turkey only. Max pointed around to him and Supervisor. Supervisor shrieked and waved his arms pretending to be scared which caused Max to laugh. They began shooting at the arrows. NCP asked Supervisor if he could take pictures of him and Max as they played. Supervisor did. NCP asked if Max had his phone. Max said he did not. NCP said why not and he was supposed to have his phone. Max said that CP did not give it to him. NCP said she knows that you were supposed to have it. Max said that they were going walking and shooting arrow. NCP said what about to watch videos. Supervisor said that they can watch it on NCP’s phone. NCP said that Max was supposed to have it. Max asked to speak to Supervisor and Max saw NCP looking at them. Max said he did not want NCP to hear. Supervisor Said let’s talk this way and walked by the bags where they dropped it off. Max said that he does not like it when NCP talks about CP. Supervisor nodded. Max said that NCP made him cry the other day. Supervisor asked if when he talks about his mom it makes him cry. Max said he did not know and shrugged. Supervisor said that was okay. Max asked not to tell NCP. Supervisor and Max high fived. NCP asked why Max had secrets. Max

continued to walk away. NCP asked if Max could help grabbing the arrows and target. Max said he was holding one and NCP asked if he could help. They walked to another area.

As Max walked ahead, Supervisor told NCP that Max does not like when NCP talks about CP and he (Supervisor) is concerned that if he (NCP) continues to do this, Max will grow up and resent him for talking negatively about the mom. NCP said that he just wanted Max to have his phone on him since CP does not want Max to have his phone. NCP said he understands and talked about his friends and their having phones and that is why he wants him to have it so that he does not fall behind. Supervisor said he understands that but phones for a 7 year old is not a necessity and its two different parenting styles that's not necessarily one person being wrong or right, and therefore it's not important to keep insisting on that. They caught up to Max. Max asked if Supervisor was telling NCP what they talked about. Supervisor said no, but I did tell him that you do not like it when he talks about your mom. Max said that's true. Max went on the playground. NCP thanked Supervisor and said that he wants to know these things and wants to do better. Supervisor said a rule of thumb is just don't talk negatively about the other parent, or sometimes just don't talk about them at all.

NCP set up a blanket and sat down with Supervisor. Max played away with his new found park friends. Supervisor told NCP that it is important to set aside what he thought about CP and not put Max in the middle. Supervisor said that if he thinks things are one way at CP's house then do the opposite of what he thinks is happening because two wrongs don't make a right. NCP asked what Supervisor meant. Supervisor said for example, some parents are worried that at their other house parent's don't get along with the kids and they are arguing, and instead of you providing that same environment by fighting and asking questions, provide a safe, and happy environment. Supervisor said because if you are wrong and there is nothing happening at their house but when you are with them there is always negative things then they may not want to spend time with you. NCP said thank you and he is learning. Supervisor said as someone who comes from divorce family it does not help when parents talk about each other because regardless they are their parent and he fears that Max may grow apart from him. NCP said thank you. Max came back and said he made a new friend. NCP hugged Max and kissed him. NCP tickled him repeatedly which caused Max to shift around and laugh. Max laughed harder and harder until he farted. NCP and Supervisor laughed. Max drank some water. Max asked to be tickled again a lot. NCP tickled him and took pictures. Max laughed again. Max went back to play. NCP said they had 5 minutes before they went out to see the rabbits. Max bargained for 10 minutes. NCP said okay and then they can chase rabbits. Max continued to go around the jungle gym. NCP packed up their belongings. They moved to a different activity at 3:17pm.

Max and NCP walked to the other area and began shooting the bow and arrow. They talked about roller coasters and Supervisor said he is scared of them. They continued shooting. NCP taught Max how to shoot it and they played together. They grabbed the belongings around. Max pretended to shoot the arrows elsewhere and NCP told Max not to do that and to aim it at targets. As they walked Max said that he will remind CP of her bringing his phone. NCP said thank you. Max began dancing and NCP complimented what a good dancer he was. NCP took pictures of Max and Max posed as he danced. Supervisor complimented how good Max was. Max asked NCP to take pictures and NCP continued as Max danced. They looked for the other arrows. Supervisor notified them when it was time to leave since it was 20 minutes prior to visit ending and they packed up

their belongings. They looked for Arrows that were hidden around the bushes. NCP said that they were missing one and Max found it. They walked back to the other area closer back to where Max and Supervisor had their one on one talk. Max said that he wanted to stay longer as they were walking back because he wanted to play. Max crouched down and sat on NCP's leg and NCP said that all he had to do was tell CP that he wants to see dad more so that eay he sees him everyday and this would be over. Supervisor looked at NCP and shook his head. They got up and continued to walk.

They continued to shoot arrows for the remaining of the time. Supervisor asked for help and if NCP could walk them more across the way. NCP agreed and they walked back. NCP and Max said goodbye to each other with hugs and NCP told Max he will see them soon. Supervisor brought Max to CP. Max said for CP to bring the phone next time for the visit. Supervisor said that there was an incident that occurred and if he could talk to CP. Supervisor said that there was an incident that NCP said for Max to bring out his phone and he mentioned you not wanting to bring it because they were playing outside. Max mentioned from away that he wanted to punch and fight NCP. CP said that Max cannot do that and that he was his father and he still loved him. Supervisor notified CP that Max told him that he does not like it when NCP talks about CP. CP said that was the issue that happened in the past as well. CP asked for Max to in the car since he kept coming by as Supervisor talked to her. Supervisor said that he talked to NCP and they discussed how this is not helpful for his relationship with Max. NCP texted if they can talk over the phone. Supervisor called him and said that NCP should not be telling Max to give messages to CP like when he told Max to tell CP to allow Max to see him more. Supervisor said when you do that it puts the child in the middle of your situation and you cannot do that. SUPERVISED VISITATION MONITOR: Bianca N. Taylor

NOTES:

Before the visit, Monitor met Mom and Max outside the park area. There was a third party with Mom who was identified as Mom's friend. Mom said she was there to serve Dad with legal paperwork. Monitor said, "You may not use the visit as an opportunity to serve Dad." Mom asked why and Monitor told her that it was against our guidelines. Max said, "I'll serve him." Monitor said, "No. You don't need to do that." Mom asked if she could serve him after the visit. Monitor said "That's up to you. Whatever you do after the visit, is your choice." Mom said that they would come back after the visit and serve Dad. This conversation took place in front of Max. After the visit, Mom's friend walked past Monitor and Max who were headed to the exchange location. Max looked back and saw Mom's friend walking toward Dad. Monitor said, "Come on Max, let's not look at that."

**INTERVENTION:** Monitor intervened several times and asked Dad to speak about topics other than Mom, and Max staying in the United States. Monitor warned Dad that the visit would be terminated if he continued to speak on prohibited topics.

VISITING PARENT'S REACT TO INTERVENTION:

Each time Monitor intervened Dad said he would stop however he would continue after a few minutes. Dad also asked why he couldn't speak to his son about these topics. Monitor told Dad that his conversation was unacceptable and that he was making Max uncomfortable.

Executive Director (ED) text to Dad @ 5:02 - Constantine during the visit today Bianca informed me the conversation today was inappropriate and not acceptable. Please review rules below that was discussed and agreed upon. If this continues we will have to terminate our services. (ED sent screenshot of Rules of Conduct for Family Konnections Packet which was discussed with Dad during the Intake).

Dad text @ 5:10 - Thank you Esther. I understand the rules of supervised visits are intended to enforce parental alienation against primary parent and prohibit helping child to protect himself from domestic violence, child abuse and international child abduction by mother. I also understand that my son is prohibited from getting any hope to have healthy and unobstructed contact with father in future - including birthday and holiday greetings - which are used by mother for filing restraining orders and reminding you that contact of my son with his father is prohibited. Thank you for pointing to rules - I'll do my best to follow them. Dad text @ 5:13 - I'll kindly ask you to consider the fact that my son was abducted by mother with fraud, false allegations and bribery and judge confirmed that she is bribed and got caught on multiple falsifications, including intentionally harmful custody orders and facilitation of intentional international child abduction of my son outside of the United States). Dad text @ 5:21 - Max was left without father because I prohibited mother's domestic violence against Max and did not allow her to abduct Max to Ukraine in times of war there.

ED text @ 5:22 - I understand your issues with court however, our primary concern is the safety of yours child and not having your child in any distress. It appears your son was trying to get you to refrain from saying the things that you were saying which he should not have to do. You made this visit very uncomfortable for your son and the Monitor. Especially saying to him his Mom killed his grandmother. Not acceptable conversation at all!! Any cutie conversation of this nature we will terminate our services.

Dad text @ 5:22 - Max is prohibited for getting any hope to get healthy instructed contact with father - and enforcing parental alienation simply makes my son defenseless in hands of mother-abuser. Appreciate your understanding. I'll do my best to follow roles(rules?). Dad text @ 5:27 - Unfortunately Hanna kicked out from home defenseless 95 years old senior woman with disabilities and caused her terminal condition. Max saw it and knows it. It is prohibited topic because Max is hostage of mother-abuser who obtained full custody over my son with fraud and threatened to "bury my son in Ukrainian soil" to ensure that I will never see Max again - which after her violence against grandmother and recommendations of mental health treatment (made by emergency screener) is very probable. Anyways, sorry for bothering you with this long story. Dad text @ 5:27 - I'm really worried about safety of my son in hands of mother-abuser..and enforcing Max's defenseless in this terrible situation is disturbing. Dad text @ 5:30 - Anyways, thank you for your time - I'll do my best to follow rules. Dad text @ 5:33 - My apologies to Bianca and thank you for understanding.
